TITLE II—FAA REFORM

Air Traffic Management System Performance Improvement Act of 1996.
49 USC 40101 note.

SEC. 201. SHORT TITLE.

This title may be cited as the "Air Traffic Management System Performance Improvement Act of 1996".

SEC. 202. DEFINITIONS.

49 USC 106 note.

In this title, the following definitions apply:

(1) ADMINISTRATION.—The term "Administration" means the Federal Aviation Administration.

(2) ADMINISTRATOR.—The term "Administrator" means the Administrator of the Federal Aviation Administration.

(3) SECRETARY.—The term "Secretary" means the Secretary of Transportation.

SEC. 203. EFFECTIVE DATE.

49 USC 106 note.

The provisions of this title and the amendments made by this title shall take effect on the date that is 30 days after the date of the enactment of this Act.

Subtitle A—General Provisions

SEC. 221. FINDINGS.

49 USC 106 note.

Congress finds the following:

(1) In many respects the Administration is a unique agency, being one of the few non-defense government agencies that operates 24 hours a day, 365 days of the year, while continuing to rely on outdated technology to carry out its responsibilities for a state-of-the-art industry.

(2) Until January 1, 1996, users of the air transportation system paid 70 percent of the budget of the Administration, with the remaining 30 percent coming from the General Fund. The General Fund contribution over the years is one measure of the benefit received by the general public, military, and other users of Administration's services.

(3) The Administration must become a more efficient, effective, and different organization to meet future challenges.

(4) The need to balance the Federal budget means that it may become more and more difficult to obtain sufficient General Fund contributions to meet the Administration's future budget needs.

(5) Congress must keep its commitment to the users of the national air transportation system by seeking to spend all moneys collected from them each year and deposited into the Airport and Airway Trust Fund. Existing surpluses representing past receipts must also be spent for the purposes for which such funds were collected.

(6) The aviation community and the employees of the Administration must come together to improve the system. The Administration must continue to recognize who its customers are and what their needs are, and to design and redesign the system to make safety improvements and increase productivity.

(7) The Administration projects that commercial operations will increase by 18 percent and passenger traffic by 35 percent by the year 2002. Without effective airport expansion and system modernization, these needs cannot be met.

(8) Absent significant and meaningful reform, future challenges and needs cannot be met.

(9) The Administration must have a new way of doing business.

(10) There is widespread agreement within government and the aviation industry that reform of the Administration is essential to safely and efficiently accommodate the projected growth of aviation within the next decade.

(11) To the extent that Congress determines that certain segments of the aviation community are not required to pay all of the costs of the government services which they require and benefits which they receive, Congress should appropriate the difference between such costs and any receipts received from such segment.

(12) Prior to the imposition of any new charges or user fees on segments of the industry, an independent review must be performed to assess the funding needs and assumptions for operations, capital spending, and airport infrastructure.

(13) An independent, thorough, and complete study and assessment must be performed of the costs to the Administration and the costs driven by each segment of the aviation system for safety and operational services, including the use of the air traffic control system and the Nation's airports.

(14) Because the Administration is a unique Federal entity in that it is a participant in the daily operations of an industry, and because the national air transportation system faces significant problems without significant changes, the Administration has been authorized to change the Federal procurement and personnel systems to ensure that the Administration has the ability to keep pace with new technology and is able to match resources with the real personnel needs of the Administration.

(15) The existing budget system does not allow for long-term planning or timely acquisition of technology by the Administration.

(16) Without reforms in the areas of procurement, personnel, funding, and governance, the Administration will continue to experience delays and cost overruns in its major modernization programs and needed improvements in the performance of the air traffic management system will not occur.

(17) All reforms should be designed to help the Administration become more responsive to the needs of its customers and maintain the highest standards of safety.

SEC. 222. PURPOSES. 49 USC 106 note.

The purposes of this title are—

(1) to ensure that final action shall be taken on all notices of proposed rulemaking of the Administration within 18 months after the date of their publication;

(2) to permit the Administration, with Congressional review, to establish a program to improve air traffic management system performance and to establish appropriate levels of cost accountability for air traffic management services provided by the Administration;

(3) to establish a more autonomous and accountable Administration within the Department of Transportation; and

(4) to make the Administration a more efficient and effective organization, able to meet the needs of a dynamic, growing industry, and to ensure the safety of the traveling public.

SEC. 1212. SENSE OF THE SENATE REGARDING THE FUNDING OF THE FEDERAL AVIATION ADMINISTRATION.

(a) FINDINGS.—The Senate finds that—

(1) Congress is responsible for ensuring that the financial needs of the Federal Aviation Administration, the agency that performs the critical function of overseeing the Nation's air traffic control system and ensuring the safety of air travelers in the United States, are met;

(2) aviation excise taxes that constitute the Airport and Airway Trust Fund, which provides most of the funding for the Federal Aviation Administration, have expired;

(3) the surplus in the Airport and Airway Trust Fund will be spent by the Federal Aviation Administration by December 1996;

(4) the existing system of funding the Federal Aviation Administration will not provide the agency with sufficient short-term or long-term funding;

(5) this Act creates a sound process to review Federal Aviation Administration funding and develop a funding system to meet the Federal Aviation Administration's long-term funding needs; and

(6) without immediate action by Congress to ensure that the Federal Aviation Administration's financial needs are met, air travelers' confidence in the system could be undermined.

(b) FINDINGS.—The Secretary shall include in the report of the study conducted under subsection (a) findings concerning—

(1) whether passengers who use commercial air carriers to and from rural areas (as defined by the Secretary) pay a disproportionately greater price for that transportation than passengers who use commercial air carriers between urban areas (as defined by the Secretary);

(2) the nature of competition, if any, in rural markets (as defined by the Secretary) for commercial air carriers;

(3) whether a relationship exists between higher air fares and competition among commercial air carriers for passengers traveling on jet aircraft from small communities (as defined by the Secretary) and, if such a relation exists, the nature of that relationship;

(4) the number of small communities that have lost air service as a result of the deregulation of commercial air carriers with respect to air fares;

(5) the number of small communities served by airports with respect to which, after commercial air carrier fares were deregulated, jet aircraft service was replaced by turboprop aircraft service; and

(6) where such replacement occurred, any corresponding decreases in available seat capacity for consumers at the airports referred to in that subparagraph.

Public Law 104–270
104th Congress

An Act

To provide for a study of the recommendations of the Joint Federal-State Commission on Policies and Programs Affecting Alaska Natives.

Oct. 9, 1996
[H.R. 3973]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONGRESSIONAL FINDINGS AND DECLARATION OF POLICY.

42 USC 2991a note.

The Congress finds and declares the following:

(1) The Joint Federal-State Commission on Policies and Programs Affecting Alaska Natives (hereafter in this Act referred to as the "Alaska Natives Commission") was established by Public Law 101–379 (42 U.S.C. 2991a note) following the publication in 1989 of the "Report on the Status of Alaska Natives: A Call for Action" by the Alaska Federation of Natives and after extensive congressional hearings which focused on the need for the first comprehensive assessment of the social, cultural, and economic condition of Alaska's 86,000 Natives since the enactment of the Alaska Native Claims Settlement Act, Public Law 92–203.

(2) The 14-member Alaska Natives Commission held 15 regional hearings throughout Alaska between July 1992 and October 1993, and 2 statewide hearings in Anchorage coinciding with the Conventions of 1992 and 1993 of the Alaska Federation of Natives. In May 1994, the Alaska Natives Commission issued its 3 volume, 440 page report. As required by Public Law 101–379, the report was formally conveyed to the Congress, the President of the United States, and the Governor of Alaska.

(3) The Alaska Natives Commission found that many Alaska Native individuals, families, and communities were experiencing a social, cultural, and economic crisis marked by rampant unemployment, lack of economic opportunity, alcohol abuse, depression, and morbidity and mortality rates that have been described by health care professionals as "staggering".

(4) The Alaska Natives Commission found that due to the high rate of unemployment and lack of economic opportunities for Alaska Natives, government programs for the poor have become the foundation of many village economies. Displacing traditional Alaska Native social safety nets, these well-meaning programs have undermined the healthy interdependence and self-sufficiency of Native tribes and families and have put Native tribes and families at risk of becoming permanent dependencies of Government.

(5) Despite these seemingly insurmountable problems, the Alaska Natives Commission found that Alaska Natives, building on the Alaska Native Claims Settlement Act, had begun a unique process of critical self-examination which, if supported by the United States Congress through innovative legislation, and effective public administration at all levels including traditional Native governance, could provide the basis for an Alaska Native social, cultural, economic, and spiritual renewal.

(6) The Alaska Natives Commission recognized that the key to the future well-being of Alaska Natives lay in—

(A) the systematic resumption of responsibility by Alaska Natives for the well-being of their members,

(B) the strengthening of their economies,

(C) the strengthening, operation, and control of their systems of governance, social services, education, health care, and law enforcement, and

(D) exercising rights they have from their special relationship with the Federal Government and as citizens of the United States and Alaska.

(7) The Alaska Natives Commission recognized that the following 3 basic principles must be respected in addressing the myriad of problems facing Alaska Natives:

(A) Self-reliance.

(B) Self-determination.

(C) Integrity of Native cultures.

(8) There is a need to address the problems confronting Alaska Natives. This should be done rapidly, with certainty, and in conformity with the real economic, social, and cultural needs of Alaska Natives.

(9) Congress retains and has exercised its constitutional authority over Native affairs in Alaska subsequent to the Treaty of Cession and does so now through this Act.

42 USC 2991a note.

SEC. 2. ALASKA NATIVE IMPLEMENTATION STUDY.

(a) FINDINGS.—The Congress finds and declares that—

(1) the Alaska Natives Commission adopted certain recommendations raising important policy questions which are unresolved in Alaska and which require further study and review before Congress considers legislation to implement solutions to address these recommendations; and

(2) the Alaska Federation of Natives is the representative body of statewide Alaska Native interests best suited to further investigate and report to Congress with proposals to implement the recommendations of the Alaska Natives Commission.

(b) GRANT.—The Secretary of Health and Human Services shall make a grant to the Alaska Federation of Natives to conduct the study and submit the report required by this section. Such grant may only be made if the Alaska Federation of Natives agrees to abide by the requirements of this section.

(c) STUDY.—Pursuant to subsection (b), the Alaska Federation of Natives shall—

(1) examine the recommendations of the Alaska Natives Commission;

(2) examine initiatives in the United States, Canada, and elsewhere for successful ways that issues similar to the issues addressed by the Alaska Natives Commission have been addressed;

(3) conduct hearings within the Alaska Native community on further ways in which the Commission's recommendations might be implemented; and

(4) recommend enactment of specific provisions of law and other actions the Congress should take to implement such recommendations.

(d) CONSIDERATION OF LOCAL CONTROL.—In developing its recommendations pursuant to subsection (c)(4), the Alaska Federation of Natives shall give specific attention to the ways in which the recommendations may be achieved at the local level with maximum local control of the implementation of the recommendations.

(e) REPORT.—Not later than 12 months after the date on which the grant is made under subsection (b), the Alaska Federation of Natives shall submit a report on the study conducted under this section, together with the recommendations developed pursuant to subsection (c)(4), to the President and the Congress and to the Governor and legislature of the State of Alaska. In addition, the Alaska Federation of Natives shall make the report available to Alaska Native villages and organizations and to the general public.

(f) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated $350,000 for the grant under subsection (b).

(g) ADDITIONAL STATE FUNDING.—The Congress encourages the State of Alaska to provide the additional funding necessary for the completion of the study under this section.

Approved October 9, 1996.

SEC. 4. REFERENDA. 15 USC 6403.

(a) CREATION OF PROGRAM.—The qualified industry organizations may conduct, at their own expense, a referendum among producers and retail marketers for the creation of a Propane Education and Research Council. The Council, if established, shall reimburse the qualified industry organizations for the cost of the referendum accounting and documentation. Such referendum shall be conducted by an independent auditing firm agreed to by the qualified industry organizations. Voting rights in such referendum shall be based on the volume of propane produced or odorized propane sold in the previous calendar year or other representative period. Upon approval of those persons representing two-thirds of the total volume of propane voted in the retail marketer class and two-thirds of all propane voted in the producer class, the Council shall be established, and shall be authorized to levy an assessment on odorized propane in accordance with section 6. All persons voting in the referendum shall certify to the independent auditing firm the volume of propane represented by their vote.

(b) TERMINATION.—On the Council's own initiative, or on petition to the Council by producers and retail marketers representing 35 percent of the volume of propane in each class, the Council shall, at its own expense, hold a referendum, to be conducted by an independent auditing firm selected by the Council, to determine whether the industry favors termination or suspension of the Council. Termination or suspension shall not take effect unless it is approved by persons representing more than one-half of the total volume of odorized propane in the retail marketer class and more than one-half of the total volume of propane in the producer class, or is approved by persons representing more than two-thirds of the total volume of propane in either such class.

SEC. 5. PROPANE EDUCATION AND RESEARCH COUNCIL. 15 USC 6404.

(a) SELECTION OF MEMBERS.—The qualified industry organizations shall select all retail marketer, public, and producer members of the Council. The producer organizations shall select the producer members of the Council, the retail marketer organizations shall select retail marketer members, and all qualified industry organizations shall jointly select the public members. Vacancies

in unfinished terms of Council members shall be filled in the same manner as were the original appointments.

(b) REPRESENTATION.—In selecting members of the Council, the qualified industry organizations shall give due regard to selecting a Council that is representative of the industry, including representation of—

(1) gas processors and oil refiners among producers;

(2) interstate and intrastate operators among retail marketers;

(3) large and small companies among producers and retail marketers, including agricultural cooperatives; and

(4) diverse geographic regions of the country.

(c) MEMBERSHIP.—The Council shall consist of 21 members, with 9 members representing retail marketers, 9 members representing producers, and 3 public members. Other than the public members, Council members shall be full-time employees or owners of businesses in the industry or representatives of agricultural cooperatives. No employee of a qualified industry organization or other industry trade association shall serve as a member of the Council, and no member of the Council may serve concurrently as an officer of the Board of Directors of a qualified industry organization or other industry trade association. Only one person at a time from any company or its affiliate may serve on the Council.

(e) TERMS.—Council members shall serve terms of 3 years and may serve not more than 2 full consecutive terms. Members filling unexpired terms may serve not more than a total of 7 consecutive years. Former members of the Council may be returned to the Council if they have not been members for a period of 2 years. Initial appointments to the Council shall be for terms of 1, 2, and 3 years, staggered to provide for the selection of 7 members each year.

Contracts.

(f) FUNCTIONS.—The Council shall develop programs and projects and enter into contracts or agreements for implementing this Act, including programs to enhance consumer and employee safety and training, to provide for research and development of clean and efficient propane utilization equipment, to inform and educate the public about safety and other issues associated with the use of propane, and to provide for the payment of the costs thereof with funds collected pursuant to this Act. The Council shall coordinate its activities with industry trade association and others as appropriate to provide efficient delivery of services and to avoid unnecessary duplication of activities.

(g) USE OF FUNDS.—Not less than 5 percent of the funds collected through assessments pursuant to this Act shall be used for programs and projects intended to benefit the agriculture industry in the United States. The Council shall coordinate its activities in this regard with agriculture industry trade associations and other organizations representing the agriculture industry. The percentage of funds collected through assessments pursuant to this Act to be used for projects relating to the use of propane as an over-the-road motor fuel shall not exceed the percentage of the

total market for odorized propane that is used as a motor vehicle fuel, based on the historical average of such use over the previous 3-year period.

(h) PRIORITIES.—Issues related to research and development, safety, education, and training shall be given priority by the Council in the development of its programs and projects.

(i) ADMINISTRATION.—The Council shall select from among its members a Chairman and other officers as necessary, may establish committees and subcommittees of the Council, and shall adopt rules and bylaws for the conduct of business and the implementation of this Act. The Council shall establish procedures for the solicitation of industry comment and recommendations on any significant plans, programs, and projects to be funded by the Council. (2) The Council shall annually reimburse the Secretary for costs incurred by the Federal Government relating to the Council, except that such reimbursement for any fiscal year shall not exceed the amount that the Secretary determines is the average annual salary of two employees of the Department of Energy.

(k) BUDGET.—Before August 1 each year, the Council shall publish for public review and comment a budget plan for the next calendar year, including the probable costs of all programs, projects, and contracts and a recommended rate of assessment sufficient to cover such costs. Following this review and comment, the Council shall submit the proposed budget to the Secretary and to the Congress. The Secretary may recommend programs and activities the Secretary considers appropriate.

(l) RECORDS; AUDITS.—The Council shall keep minutes, books, and records that clearly reflect all of the acts and transactions of the Council and make public such information. The books of the Council shall be audited by a certified public accountant at least once each fiscal year and at such other times as the Council may designate. Copies of such audit shall be provided to all members of the Council, all qualified industry organizations, and to other members of the industry upon request. The Secretary shall receive notice of meetings and may require reports on the activities of the Council, as well as reports on compliance, violations, and complaints regarding the implementation of this Act.

(m) PUBLIC ACCESS TO COUNCIL PROCEEDINGS.—(1) All meetings of the Council shall be open to the public after at least 30 days advance public notice.

(2) The minutes of all meetings of the Council shall be made available to and readily accessible by the public.

(n) ANNUAL REPORT.—Each year the Council shall prepare and make publicly available a report which includes an identification and description of all programs and projects undertaken by the Council during the previous year as well as those planned for the coming year. Such report shall also detail the allocation or planned allocation of Council resources for each such program and project.

15 USC 6405.

SEC. 6. ASSESSMENTS.

(a) AMOUNT.—The Council shall set the initial assessment at no greater than one tenth of 1 cent per gallon of odorized propane. Thereafter, annual assessments shall be sufficient to cover the costs of the plans and programs developed by the Council. The assessment shall not be greater than one-half cent per gallon of odorized propane, unless approved by a majority of those voting in a referendum in both the producer and the retail marketer class. In no case may the assessment be raised by more than one tenth of 1 cent per gallon of odorized propane annually.

(b) OWNERSHIP.—The owner of odorized propane at the time of odorization, or the time of import of odorized propane, shall make the assessment based on the volume of odorized propane sold and placed into commerce. Assessments collected are payable to the Council on a monthly basis by the 25th of the month following the month of such collection. Propane exported from the United States to another country is not subject to the assessment.

(c) ALTERNATIVE COLLECTION RULES.—The Council may establish an alternative means of collecting the assessment if another means is found to be more efficient and effective. The Council may establish a late payment charge and rate of interest to be imposed on any person who fails to remit or pay to the Council any amount due under this Act.

(d) INVESTMENT OF FUNDS.—Pending disbursement pursuant to a program, plan, or project, the Council may invest funds collected through assessments, and any other funds received by the Council, only in obligations of the United States or any agency thereof, in general obligations of any State or any political subdivision thereof, in any interest-bearing account or certificate of deposit of a bank that is a member of the Federal Reserve System, or in obligations fully guaranteed as to principal and interest by the United States.

(e) STATE PROGRAMS.—The Council shall establish a program coordinating the operation of the Council with those of any State propane education and research council created by State law or regulation, or similar entity. Such coordination shall include a joint or coordinated assessment collection process, a reduced assessment, or an assessment rebate. A reduced assessment or rebate shall be 20 percent of the regular assessment collected in that State under this section. Assessment rebates shall be paid only to—

(1) a State propane education and research council created by State law or regulation that meets requirements established by the Council for specific programs approved by the Council; or

(2) a similar entity, such as a foundation established by the retail propane gas industry in that State, that meets requirements established by the Council for specific programs approved by the Council.

15 USC 6406.

SEC. 7. COMPLIANCE.

The Council may bring suit in Federal court to compel compliance with an assessment levied by the Council under this Act. A successful action for compliance under this section may also require payment by the defendant of the costs incurred by the Council in bringing such action.

SEC. 8. LOBBYING RESTRICTIONS. 15 USC 6407.

No funds collected by the Council shall be used in any manner for influencing legislation or elections, except that the Council may recommend to the Secretary changes in this Act or other statutes that would further the purposes of this Act.

SEC. 9. MARKET SURVEY AND CONSUMER PROTECTION. 15 USC 6408.

(a) PRICE ANALYSIS.—Beginning 2 years after establishment of the Council and annually thereafter, the Secretary of Commerce, using only data provided by the Energy Information Administration and other public sources, shall prepare and make available to the Council, the Secretary of Energy, and the public an analysis of changes in the price of propane relative to other energy sources. The propane price analysis shall compare indexed changes in the price of consumer grade propane to a composite of indexed changes in the price of residential electricity, residential natural gas, and refiner price to end users of No. 2 fuel oil on an annual national average basis. For purposes of indexing changes in consumer grade propane, residential electricity, residential natural gas, and end user No. 2 fuel oil prices, the Secretary of Commerce shall use a 5-year rolling average price beginning with the year 4 years prior to the establishment of the Council.

(b) AUTHORITY TO RESTRICT ACTIVITIES.—If in any year the 5-year average rolling price index of consumer grade propane exceeds the 5-year rolling average price composite index of residential electricity, residential natural gas, and refiner price to end users of No. 2 fuel oil in an amount greater than 10.1 percent, the activities of the Council shall be restricted to research and development, training, and safety matters. The Council shall inform the Secretary of Energy and the Congress of any restriction of activities under this subsection. Upon expiration of 180 days after the beginning of any such restriction of activities, the Secretary of Commerce shall again conduct the propane price analysis described in subsection (a). Activities of the Council shall continue to be restricted under this subsection until the price index excess is 10.1 percent or less.

SEC. 10. PRICING. 15 USC 6409.

In all cases, the price of propane shall be determined by market forces. Consistent with the antitrust laws, the Council may take no action, nor may any provision of this Act be interpreted as establishing an agreement to pass along to consumers the cost of the assessment provided for in section 6.

SEC. 11. RELATION TO OTHER PROGRAMS. 15 USC 6410.

Nothing in this Act may be construed to preempt or supersede any other program relating to propane education and research organized and operated under the laws of the United States or any State.

SEC. 12. REPORTS. 15 USC 6411.

Within 2 years after the date of enactment of this Act, and at least once every 2 years thereafter, the Secretary of Commerce shall prepare and submit to the Congress and the Secretary a report examining whether operation of the Council, in conjunction with the cumulative effects of market changes and Federal programs, has had an effect on propane consumers, including residential, agriculture, process, and nonfuel users of propane. The

Secretary of Commerce shall consider and, to the extent practicable, shall include in the report submissions by propane consumers, and shall consider whether there have been long-term and short-term effects on propane prices as a result of Council activities and Federal programs, and whether there have been changes in the proportion of propane demand attributable to various market segments. To the extent that the report demonstrates that there has been an adverse effect, the Secretary of Commerce shall include recommendations for correcting the situation. Upon petition by affected parties or upon request by the Secretary of Energy, the Secretary of Commerce may prepare and submit the report required by this section at less than 2-year intervals.

Public Law 104–288
104th Congress

An Act

Oct. 11, 1996
[H.R. 2579]

To establish the National Tourism Board and the National Tourism Organization to promote international travel and tourism to the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

United States National Tourism Organization Act of 1996.
22 USC 2141 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "United States National Tourism Organization Act of 1996".

22 USC 2141.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds that—

(1) The travel and tourism industry is the second largest service and retail industry in the United States, and travel and tourism services ranked as the largest United States export in 1995, generating an $18.6 billion surplus for the United States.

(2) Domestic and international travel and tourism expenditures totaled $433 billion in 1995, $415 billion spent directly within the United States and an additional $18 billion spent by international travelers on United States carriers traveling to the United States.

(3) Direct travel and tourism receipts make up 6 percent of the United States gross domestic product.

(4) In 1994, the travel and tourism industry was the nation's second largest employer, directly responsible for 6.3 million jobs and indirectly responsible for another 8 million jobs.

(5) Employment in major sectors of the travel and tourism industry is expected to increase 35 percent by the year 2005.

(6) 99.7 percent of travel businesses are defined by the Federal government as small businesses.

(7) The White House Conference on Travel and Tourism in 1995 recommended the establishment of a new national tourism organization to represent and promote international travel and tourism to the United States.

(8) Recent Federal tourism promotion efforts have failed to stem the rapid erosion of our country's international tourism market share.

(9) In fact, the United States' share of worldwide travel receipts dropped from a peak of 19.3 percent in 1992 down to 15.7 percent by the end of 1994.

(10) The United States has now fallen to only the third leading international destination.

(11) Because the United States Travel and Tourism Administration had insufficient resources and effectiveness to reverse the recent decline in the United States' share of international travel and tourism, Congress discontinued USTTA's funding.

(12) Promotion of the United States' international travel and tourism interests can be more effectively managed by a private organization at less cost to the taxpayers.

(b) PURPOSE.—The purpose of this Act is to create a privately managed, federally sanctioned United States National Tourism Organization to represent and promote United States international travel and tourism.

Public Law 104–289
104th Congress

An Act

To provide for appropriate implementation of the Metric Conversion Act of 1975 in Federal construction projects, and for other purposes.

Oct. 11, 1996
[H.R. 2779]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Savings in Construction Act of 1996.
15 USC 205a note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Savings in Construction Act of 1996".

15 USC 205a note.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The Metric Conversion Act of 1975 was enacted in order to set forth the policy of the United States to convert to the metric system. Section 3 of that Act requires that each Federal agency use the metric system of measurements in its procurement, grants, and other business-related activities, unless that use is likely to cause significant cost or loss of markets to United States firms, such as when foreign competitors are producing competing products in non-metric units.

(2) In accordance with that Act and Executive Order 12770, of July 25, 1991, Federal agencies increasingly construct new Federal buildings in round metric dimensions. As a result, companies that wish to bid on Federal construction projects increasingly are asked to supply materials or products in round metric dimensions.

(3) While the Metric Conversion Act of 1975 currently provides an exemption to metric usage when impractical or when such usage will cause economic inefficiencies, amendments are warranted to ensure that the use of specific metric components in metric construction projects do not increase the cost of Federal buildings to the taxpayers.

SEC. 3. DEFINITIONS.

Section 4 of the Metric Conversion Act of 1975 (15 U.S.C. 205c) is amended—

(1) by striking "and" at the end of paragraph (3);

(2) by striking "Commerce." in paragraph (4) and inserting "Commerce;"; and

(3) by inserting after paragraph (4) the following:

"(5) 'full and open competition' has the same meaning as defined in section 403(6) of title 41, United States Code;

"(6) 'total installed price' means the price of purchasing a product or material, trimming or otherwise altering some or all of that product or material, if necessary to fit with

other building components, and then installing that product or material into a Federal facility;

"(7) 'hard-metric' means measurement, design, and manufacture using the metric system of measurement, but does not include measurement, design, and manufacture using English system measurement units which are subsequently re-expressed in the metric system of measurement;

"(8) 'cost or pricing data or price analysis' has the meaning given such terms in section 304A of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 254b); and

"(9) 'Federal facility' means any public building (as defined under section 13 of the Public Buildings Act of 1959 (40 U.S.C. 612) and shall include any Federal building or construction project—

"(A) on lands in the public domain;

"(B) on lands used in connection with Federal programs for agriculture research, recreation, and conservation programs;

"(C) on or used in connection with river, harbor, flood control, reclamation, or power projects;

"(F) on installations of the Department of Veteran Affairs used for hospital or domiciliary purposes; or

"(G) on lands used in connection with Federal prisons, but does not include (i) any Federal building or construction project the exclusion of which the President deems to be justified in the public interest, or (ii) any construction project or building owned or controlled by a State government, local government, Indian tribe, or any private entity.".

SEC. 4. IMPLEMENTATION IN ACQUISITION OF FEDERAL FACILITIES.

(a) The Metric Conversion Act of 1975 (15 U.S.C. 205 et seq.) is amended by inserting after section 13 the following new section:

15 USC 205*l*.

"SEC. 14. IMPLEMENTATION IN ACQUISITION OF CONSTRUCTION SERVICES AND MATERIALS FOR FEDERAL FACILITIES.

"(a) IN GENERAL.—Construction services and materials for Federal facilities shall be procured in accordance with the policies and procedures set forth in chapter 137 of title 10, United States Code, section 2377 of title 10, United States Code, title III of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 251 et seq.), and section 3(2) of this Act. Determination of a design method shall be based upon preliminary market research as required under section 2377(c) of title 10, United States Code, and section 314B(c) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 264b(c)). If the requirements of this Act conflict with the provisions of section 2377 of title 10, United States Code, or section 314B of the Federal Property and Administrative Services Act of 1949, then the provisions of 2377 or 314B shall take precedence.

"(b) CONCRETE MASONRY UNITS.—In carrying out the policy set forth in section 3 (with particular emphasis on the policy set forth in paragraph (2) of that section) a Federal agency may require

that specifications for the acquisition of structures or systems of concrete masonry be expressed under the metric system of measurement, but may not incorporate specifications, that can only be satisfied by hard-metric versions of concrete masonry units, in a solicitation for design or construction of a Federal facility within the United States or its territories, or a portion of said Federal facility, unless the head of the agency determines in writing that—

"(1) hard-metric specifications are necessary in a contract for the repair or replacement of parts of Federal facilities in existence or under construction upon the effective date of the Savings in Construction Act of 1996; or

"(2) the following 2 criteria are met:

"(A) the application requires hard-metric concrete masonry units to coordinate dimensionally into 100 millimeter building modules; and

"(B) the total installed price of hard-metric concrete masonry units is estimated to be equal to or less than the total installed price of using non-hard-metric concrete masonry units. Total installed price estimates shall be based, to the extent available, on cost or pricing data or price analysis, using actual hard-metric and non-hard-metric offers received for comparable existing projects. The head of the agency shall include in the writing required in this subsection an explanation of the factors used to develop the price estimates.

"(c) RECESSED LIGHTING FIXTURES.—In carrying out the policy set forth in section 3 (with particular emphasis on the policy set forth in paragraph (2) of that section) a Federal agency may require that specifications for the acquisition of structures or systems of recessed lighting fixtures be expressed under the metric system of measurement, but may not incorporate specifications, that can only be satisfied by hard-metric versions of recessed lighting fixtures, in a solicitation for design or construction of a Federal facility within the United States or its territories unless the head of the agency determines in writing that—

"(1) the predominant voluntary industry consensus standards include the use of hard-metric for the items specified; or

"(2) hard-metric specifications are necessary in a contract for the repair or replacement of parts of Federal facilities in existence or under construction upon the effective date of the Savings in Construction Act of 1996; or

"(3) the following 2 criteria are met:

"(A) the application requires hard-metric recessed lighting fixtures to coordinate dimensionally into 100 millimeter building modules; and

"(B) the total installed price of hard-metric recessed lighting fixtures is estimated to be equal to or less than the total installed price of using non-hard-metric recessed lighting fixtures. Total installed price estimates shall be based, to the extent available, on cost or pricing data or price analysis, using actual hard-metric and non-hard-metric offers received for comparable existing projects. The head of the agency shall include in the writing required in this subsection an explanation of the factors used to develop the price estimates.

"(d) LIMITATION.—The provisions of subsections (b) and (c) of this section shall not apply to Federal contracts to acquire construction products for the construction of facilities outside of the United States and its territories.

"(e) EXPIRATION.—The provisions contained in subsections (b) and (c) of this section shall expire 10 years from the effective date of the Savings in Construction Act of 1996.".

SEC. 5. OMBUDSMAN.

Section 14 of the Metric Conversion Act of 1975, as added by section 4 of this Act, is further amended by adding at the end the following new subsection:

Contracts.

"(f) AGENCY OMBUDSMAN.—(1) The head of each executive agency that awards construction contracts within the United States and its territories shall designate a senior agency official to serve as a construction metrication ombudsman who shall be responsible for reviewing and responding to complaints from prospective bidders, subcontractors, suppliers, or their designated representatives related to—

"(A) guidance or regulations issued by the agency on the use of the metric system of measurement in contracts for the construction of Federal buildings; and

"(B) the use of the metric system of measurement for services and materials required for incorporation in individual projects to construct Federal buildings.

The construction metrication ombudsman shall be independent of the contracting officer for construction contracts.

"(2) The ombudsman shall be responsible for ensuring that the agency is not implementing the metric system of measurement in a manner that is impractical or is likely to cause significant inefficiencies or loss of markets to United States firms in violation of the policy stated in section 3(2), or is otherwise inconsistent with guidance issued by the Secretary of Commerce in consultation with the Interagency Council on Metric Policy while ensuring that the goals of the Metric Conversion Act of 1975 are observed.

"(3) The ombudsman shall respond to each complaint in writing within 60 days and make a recommendation to the head of the executive agency for an appropriate resolution thereto. In such a recommendation, the ombudsman shall consider—

"(A) whether the agency is adequately applying the policies and procedures in this section;

"(B) whether the availability of hard-metric products and services from United States firms is sufficient to ensure full and open competition; and

"(C) the total installed price to the Federal Government.

"(4) After the head of the agency has rendered a decision regarding a recommendation of the ombudsman, the ombudsman shall be responsible for communicating the decision to all appropriate policy, design, planning, procurement, and notifying personnel in the agency. The ombudsman shall conduct appropriate monitoring as required to ensure the decision is implemented, and may submit further recommendations, as needed. The head of the agency's decision on the ombudsman's recommendations, and any supporting documentation, shall be provided to affected parties and made available to the public in a timely manner.

"(5) Nothing in this section shall be construed to supersede the bid protest process established under subchapter V of chapter 35 of title 31, United States Code.".

SEC. 6. EFFECTIVE DATE AND MISCELLANEOUS PROVISIONS.

15 USC 205c note.

(a) EFFECTIVE DATE.—This Act and the amendments made by this Act shall take effect 90 days after the date of enactment of this Act.

(b) SAVINGS PROVISIONS.—This Act shall not apply to contracts awarded and solicitations issued on or before the effective date of this Act, unless the head of a Federal agency makes a written determination in his or her sole discretion that it would be in the public interest to apply one or more provisions of this Act or its amendments to these existing contracts or solicitations.

TITLE I—CAPITAL MARKETS

Capital Markets Efficiency Act of 1996.

SEC. 101. SHORT TITLE. 15 USC 78a note.

This title may be cited as the "Capital Markets Efficiency Act of 1996".

SEC. 102. CREATION OF NATIONAL SECURITIES MARKETS.

(a) IN GENERAL.—Section 18 of the Securities Act of 1933 (15 U.S.C. 77r) is amended to read as follows:

"SEC. 18. EXEMPTION FROM STATE REGULATION OF SECURITIES OFFERINGS.

"(a) SCOPE OF EXEMPTION.—Except as otherwise provided in this section, no law, rule, regulation, or order, or other administrative action of any State or any political subdivision thereof—

"(1) requiring, or with respect to, registration or qualification of securities, or registration or qualification of securities transactions, shall directly or indirectly apply to a security that—

"(A) is a covered security; or

"(B) will be a covered security upon completion of the transaction;

"(2) shall directly or indirectly prohibit, limit, or impose any conditions upon the use of—

"(A) with respect to a covered security described in subsection (b), any offering document that is prepared by or on behalf of the issuer; or

"(B) any proxy statement, report to shareholders, or other disclosure document relating to a covered security or the issuer thereof that is required to be and is filed with the Commission or any national securities organization registered under section 15A of the Securities Exchange Act of 1934, except that this subparagraph does not apply to the laws, rules, regulations, or orders, or other administrative actions of the State of incorporation of the issuer; or

"(3) shall directly or indirectly prohibit, limit, or impose conditions, based on the merits of such offering or issuer, upon the offer or sale of any security described in paragraph (1).

"(b) COVERED SECURITIES.—For purposes of this section, the following are covered securities:

"(1) EXCLUSIVE FEDERAL REGISTRATION OF NATIONALLY TRADED SECURITIES.—A security is a covered security if such security is—

"(A) listed, or authorized for listing, on the New York Stock Exchange or the American Stock Exchange, or listed on the National Market System of the Nasdaq Stock Market (or any successor to such entities);

"(B) listed, or authorized for listing, on a national securities exchange (or tier or segment thereof) that has listing standards that the Commission determines by rule (on its own initiative or on the basis of a petition) are substantially similar to the listing standards applicable to securities described in subparagraph (A); or

"(C) is a security of the same issuer that is equal in seniority or that is a senior security to a security described in subparagraph (A) or (B).

"(2) EXCLUSIVE FEDERAL REGISTRATION OF INVESTMENT COMPANIES.—A security is a covered security if such security is a security issued by an investment company that is registered, or that has filed a registration statement, under the Investment Company Act of 1940.

"(3) SALES TO QUALIFIED PURCHASERS.—A security is a covered security with respect to the offer or sale of the security to qualified purchasers, as defined by the Commission by rule. In prescribing such rule, the Commission may define the term 'qualified purchaser' differently with respect to different categories of securities, consistent with the public interest and the protection of investors.

"(4) EXEMPTION IN CONNECTION WITH CERTAIN EXEMPT OFFERINGS.—A security is a covered security with respect to a transaction that is exempt from registration under this title pursuant to—

"(A) paragraph (1) or (3) of section 4, and the issuer of such security files reports with the Commission pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934;

"(B) section 4(4);

"(C) section 3(a), other than the offer or sale of a security that is exempt from such registration pursuant to paragraph (4) or (11) of such section, except that a municipal security that is exempt from such registration pursuant to paragraph (2) of such section is not a covered security with respect to the offer or sale of such security

in the State in which the issuer of such security is located; or

"(D) Commission rules or regulations issued under section 4(2), except that this subparagraph does not prohibit a State from imposing notice filing requirements that are substantially similar to those required by rule or regulation under section 4(2) that are in effect on September 1, 1996.

"(c) PRESERVATION OF AUTHORITY.—

"(1) FRAUD AUTHORITY.—Consistent with this section, the securities commission (or any agency or office performing like functions) of any State shall retain jurisdiction under the laws of such State to investigate and bring enforcement actions with respect to fraud or deceit, or unlawful conduct by a broker or dealer, in connection with securities or securities transactions.

"(2) PRESERVATION OF FILING REQUIREMENTS.—

"(A) NOTICE FILINGS PERMITTED.—Nothing in this section prohibits the securities commission (or any agency or office performing like functions) of any State from requiring the filing of any document filed with the Commission pursuant to this title, together with annual or periodic reports of the value of securities sold or offered to be sold to persons located in the State (if such sales data is not included in documents filed with the Commission), solely for notice purposes and the assessment of any fee, together with a consent to service of process and any required fee.

"(B) PRESERVATION OF FEES.—

"(i) IN GENERAL.—Until otherwise provided by law, rule, regulation, or order, or other administrative action of any State, or any political subdivision thereof, adopted after the date of enactment of the Capital Markets Efficiency Act of 1996, filing or registration fees with respect to securities or securities transactions shall continue to be collected in amounts determined pursuant to State law as in effect on the day before such date.

"(ii) SCHEDULE.—The fees required by this subparagraph shall be paid, and all necessary supporting data on sales or offers for sales required under subparagraph (A), shall be reported on the same schedule as would have been applicable had the issuer not relied on the exemption provided in subsection (a).

"(C) AVAILABILITY OF PREEMPTION CONTINGENT ON PAYMENT OF FEES.—

"(i) IN GENERAL.—During the period beginning on the date of enactment of the National Securities Market Improvement Act of 1996 and ending 3 years after that date of enactment, the securities commission (or any agency or office performing like functions) of any State may require the registration of securities issued by any issuer who refuses to pay the fees required by subparagraph (B).

"(ii) DELAYS.—For purposes of this subparagraph, delays in payment of fees or underpayments of fees

that are promptly remedied shall not constitute a refusal to pay fees.

"(D) FEES NOT PERMITTED ON LISTED SECURITIES.—Notwithstanding subparagraphs (A), (B), and (C), no filing or fee may be required with respect to any security that is a covered security pursuant to subsection (b)(1), or will be such a covered security upon completion of the transaction, or is a security of the same issuer that is equal in seniority or that is a senior security to a security that is a covered security pursuant to subsection (b)(1).

"(3) ENFORCEMENT OF REQUIREMENTS.—Nothing in this section shall prohibit the securities commission (or any agency or office performing like functions) of any State from suspending the offer or sale of securities within such State as a result of the failure to submit any filing or fee required under law and permitted under this section.

"(d) DEFINITIONS.—For purposes of this section, the following definitions shall apply:

"(1) OFFERING DOCUMENT.—The term 'offering document'—

"(A) has the meaning given the term 'prospectus' in section 2(10), but without regard to the provisions of subparagraphs (A) and (B) of that section; and

"(B) includes a communication that is not deemed to offer a security pursuant to a rule of the Commission.

"(2) PREPARED BY OR ON BEHALF OF THE ISSUER.—Not later than 6 months after the date of enactment of the Securities Amendments Act of 1996, the Commission shall, by rule, define the term 'prepared by or on behalf of the issuer' for purposes of this section.

"(3) STATE.—The term 'State' has the same meaning as in section 3 of the Securities Exchange Act of 1934.

"(4) SENIOR SECURITY.—For purposes of this paragraph, the term 'senior security' means any bond, debenture, note, or similar obligation or instrument constituting a security and evidencing indebtedness, and any stock of a class having priority over any other class as to distribution of assets or payment of dividends.".

15 USC 78r note.

(b) STUDY AND REPORT ON UNIFORMITY.—The Commission shall conduct a study, after consultation with States, issuers, brokers, and dealers, on the extent to which uniformity of State regulatory requirements for securities or securities transactions has been achieved for securities that are not covered securities (within the meaning of section 18 of the Securities Act of 1933, as amended by paragraph (1) of this subsection). Not later than 1 year after the date of enactment of this Act, the Commission shall submit a report to the Congress on the results of such study.

The Commission shall consult periodically the securities commissions (or any agency or office performing like functions) of the States concerning the adequacy of such requirements as established under this title.

"(2) DE MINIMIS TRANSACTIONS BY ASSOCIATED PERSONS.—No law, rule, regulation, or order, or other administrative action of any State or political subdivision thereof may prohibit an associated person of a broker or dealer from affecting a transaction described in paragraph (3) for a customer in such State if—

during the absence or unavailability of the principal associated person for a customer may be treated as an associated person to which such customer is assigned; and

"(ii) if the customer is present in another State for 30 or more consecutive days or has permanently changed his or her residence to another State, a transaction is not described in this paragraph, unless the association person of the broker or dealer files an application for registration with such State not later than 10 business days after the later of the date of the transaction, or the date of the discovery of the presence of the customer in the other State for 30 or more consecutive days or the change in the customer's residence.".

"(i) to permit under specified conditions and for a limited period any such member, broker, or dealer to maintain a credit initially extended in conformity with the rules and regulations of the Board; and

SEC. 509. PROMOTING GLOBAL PREEMINENCE OF AMERICAN SECURITIES MARKETS.

It is the sense of the Congress that—

(1) the United States and foreign securities markets are increasingly becoming international securities markets, as issuers and investors seek the benefits of new capital and secondary market opportunities without regard to national borders;

(2) as issuers seek to raise capital across national borders, they confront differing accounting requirements in the various regulatory jurisdictions;

(3) the establishment of a high-quality comprehensive set of generally accepted international accounting standards in cross-border securities offerings would greatly facilitate international financing activities and, most significantly, would enhance the ability of foreign corporations to access and list in United States markets;

(4) in addition to the efforts made before the date of enactment of this Act by the Commission to respond to the growing internationalization of securities markets, the Commission should enhance its vigorous support for the development of high-quality international accounting standards as soon as practicable; and

(5) the Commission, in view of its clear authority under law to facilitate the access of foreign corporations to list their securities in United States markets, should report to the Congress, not later than 1 year after the date of enactment of this Act, on progress in the development of international accounting standards and the outlook for successful completion of a set of international standards that would be acceptable to the Commission for offerings and listings by foreign corporations in United States markets.

SEC. 510. STUDIES AND REPORTS.

15 USC 78b note.

(a) IMPACT OF TECHNOLOGICAL ADVANCES.—

(1) STUDY.—

(A) IN GENERAL.—The Commission shall conduct a study of—

(i) the impact of technological advances and the use of on-line information systems on the securities markets, including steps that the Commission has taken to facilitate the electronic delivery of prospectuses to institutional and other investors;

(ii) how such technologies have changed the way in which the securities markets operate; and

(iii) any steps taken by the Commission to address such changes.

(B) CONSIDERATIONS.—In conducting the study under subparagraph (A), the Commission shall consider how the Commission has adapted its enforcement policies and practices in response to technological developments with regard to—

(i) disclosure, prospectus delivery, and other customer protection regulations;

(ii) intermediaries and exchanges in the domestic and international financial services industry;

(iii) reporting by issuers, including communications with holders of securities;

(iv) the relationship of the Commission with other national regulatory authorities and organizations to improve coordination and cooperation; and

(v) the relationship of the Commission with State regulatory authorities and organizations to improve coordination and cooperation.

(2) REPORT.—Not later than 1 year after the date of enactment of this Act, the Commission shall submit a report to the Congress on the results of the study conducted under paragraph (1).

15 USC 78n note.

(b) SHAREHOLDER PROPOSALS.—

(1) STUDY.—The Commission shall conduct a study of—

(A) whether shareholder access to proxy statements pursuant to section 14 of the Securities Exchange Act of 1934 has been impaired by recent statutory, judicial, or regulatory changes; and

(B) the ability of shareholders to have proposals relating to corporate practices and social issues included as part of proxy statements.

(2) REPORT.—Not later than 1 year after the date of enactment of this Act, the Commission shall submit a report to the Congress on the results of the study conducted under para-

graph (1), together with any recommendations for regulatory or legislative changes that it considers necessary to improve shareholder access to proxy statements.

(c) PREFERENCING.—

(1) STUDY.—The Commission shall conduct a study of the impact on investors and the national market system of the practice known as "preferencing" on one or more registered securities exchanges, including consideration of—

(A) how preferencing impacts—

(i) the execution prices received by retail securities customers whose orders are preferenced; and

(ii) the ability of retail securities customers in all markets to obtain executions of their limit orders in preferenced securities; and

(B) the costs of preferencing to such customers.

(2) REPORT.—Not later than 6 months after the date of enactment of this Act, the Commission shall submit a report to the Congress on the results of the study conducted under paragraph (1).

(3) DEFINITION.—For purposes of this subsection, the term "preferencing" refers to the practice of a broker acting as a dealer on a national securities exchange, directing the orders of customers to buy or sell securities to itself for execution under rules that permit the broker to take priority in execution over same-priced orders or quotations entered prior in time.

(d) BROKER-DEALER UNIFORMITY.— 15 USC 78o note.

(1) STUDY.—The Commission, after consultation with registered securities associations, national securities exchanges, and States, shall conduct a study of the impact of disparate State licensing requirements on associated persons of registered brokers or dealers and methods for States to attain uniform licensing requirements for such persons.

(2) REPORT.—Not later than 1 year after the date of enactment of this Act, the Commission shall submit to the Congress a report on the study conducted under paragraph (1). Such report shall include recommendations concerning appropriate methods described in paragraph (1)(B), including any necessary legislative changes to implement such recommendations.

"(ii) Upon application by a State, the Secretary shall transfer to such State up to 33 percent of any fee collected pursuant to subparagraph (A) under a community development quota program and deposited in the Limited Access System Administration Fund in order to reimburse such State for actual costs directly incurred in the management and enforcement of such program.".

16 USC 1854 note.

(d) DELAY OF FEES.—Notwithstanding any other provision of law, the Secretary shall not begin the collection of fees under section 304(d)(2) of the Magnuson Fishery Conservation and Management Act, as amended by this Act, in the surf clam and ocean (including mahogany) quahog fishery or in the wreckfish fishery until after January 1, 2000.

(e) OVERFISHING.—Section 304(e) (16 U.S.C. 1854(e)) is amended to read as follows:

"(e) REBUILDING OVERFISHED FISHERIES.—

Reports.

"(1) The Secretary shall report annually to the Congress and the Councils on the status of fisheries within each Council's geographical area of authority and identify those fisheries that are overfished or are approaching a condition of being overfished. For those fisheries managed under a fishery management plan or international agreement, the status shall be determined using the criteria for overfishing specified in such plan or agreement. A fishery shall be classified as approaching a condition of being overfished if, based on trends in fishing effort, fishery resource size, and other appropriate factors, the Secretary estimates that the fishery will become overfished within two years.

Notification.

"(2) If the Secretary determines at any time that a fishery is overfished, the Secretary shall immediately notify the appropriate Council and request that action be taken to end overfishing in the fishery and to implement conservation and management measures to rebuild affected stocks of fish. The Secretary shall publish each notice under this paragraph in the Federal Register.

Federal Register, publication.

"(3) Within one year of an identification under paragraph (1) or notification under paragraphs (2) or (7), the appropriate Council (or the Secretary, for fisheries under section 302(a)(3)) shall prepare a fishery management plan, plan amendment, or proposed regulations for the fishery to which the identification or notice applies—

"(A) to end overfishing in the fishery and to rebuild affected stocks of fish; or

"(B) to prevent overfishing from occurring in the fishery whenever such fishery is identified as approaching an overfished condition.

"(4) For a fishery that is overfished, any fishery management plan, amendment, or proposed regulations prepared pursuant to paragraph (3) or paragraph (5) for such fishery shall—

"(A) specify a time period for ending overfishing and rebuilding the fishery that shall—

"(i) be as short as possible, taking into account the status and biology of any overfished stocks of fish, the needs of fishing communities, recommendations by international organizations in which the United States participates, and the interaction of the overfished stock of fish within the marine ecosystem; and

"(ii) not exceed 10 years, except in cases where the biology of the stock of fish, other environmental conditions, or management measures under an international agreement in which the United States participates dictate otherwise;

"(B) allocate both overfishing restrictions and recovery benefits fairly and equitably among sectors of the fishery; and

"(C) for fisheries managed under an international agreement, reflect traditional participation in the fishery, relative to other nations, by fishermen of the United States.

"(5) If, within the one-year period beginning on the date of identification or notification that a fishery is overfished, the Council does not submit to the Secretary a fishery management plan, plan amendment, or proposed regulations required by paragraph (3)(A), the Secretary shall prepare a fishery management plan or plan amendment and any accompanying regulations to stop overfishing and rebuild affected stocks of fish within 9 months under subsection (c).

"(6) During the development of a fishery management plan, a plan amendment, or proposed regulations required by this subsection, the Council may request the Secretary to implement interim measures to reduce overfishing under section 305(c) until such measures can be replaced by such plan, amendment, or regulations. Such measures, if otherwise in compliance with the provisions of this Act, may be implemented even though they are not sufficient by themselves to stop overfishing of a fishery.

"(7) The Secretary shall review any fishery management plan, plan amendment, or regulations required by this subsection at routine intervals that may not exceed two years. If the Secretary finds as a result of the review that such plan, amendment, or regulations have not resulted in adequate progress toward ending overfishing and rebuilding affected fish stocks, the Secretary shall—

"(A) in the case of a fishery to which section 302(a)(3) applies, immediately make revisions necessary to achieve adequate progress; or

"(B) for all other fisheries, immediately notify the appropriate Council. Such notification shall recommend further conservation and management measures which the Council should consider under paragraph (3) to achieve adequate progress.". Notification.

(f) FISHERIES UNDER AUTHORITY OF MORE THAN ONE COUNCIL.—Section 304(f) is amended by striking paragraph (3).

(g) ATLANTIC HIGHLY MIGRATORY SPECIES.—Section 304 (16 U.S.C. 1854) is amended further by striking subsection (g) and inserting the following:

"(g) ATLANTIC HIGHLY MIGRATORY SPECIES.—(1) PREPARATION AND IMPLEMENTATION OF PLAN OR PLAN AMENDMENT.—The Secretary shall prepare a fishery management plan or plan amendment under subsection (c) with respect to any highly migratory species fishery to which section 302(a)(3) applies. In preparing and implementing any such plan or amendment, the Secretary shall—

"(A) consult with and consider the comments and views of affected Councils, commissioners and advisory groups appointed under Acts implementing relevant international fishery agreements pertaining to highly migratory species, and the advisory panel established under section 302(g);

"(B) establish an advisory panel under section 302(g) for each fishery management plan to be prepared under this paragraph;

"(C) evaluate the likely effects, if any, of conservation and management measures on participants in the affected fisheries and minimize, to the extent practicable, any disadvantage to United States fishermen in relation to foreign competitors;

"(D) with respect to a highly migratory species for which the United States is authorized to harvest an allocation, quota, or at a fishing mortality level under a relevant international fishery agreement, provide fishing vessels of the United States with a reasonable opportunity to harvest such allocation, quota, or at such fishing mortality level;

"(E) review, on a continuing basis (and promptly whenever a recommendation pertaining to fishing for highly migratory species has been made under a relevant international fishery agreement), and revise as appropriate, the conservation and management measures included in the plan;

"(F) diligently pursue, through international entities (such as the International Commission for the Conservation of Atlantic Tunas), comparable international fishery management measures with respect to fishing for highly migratory species; and

"(G) ensure that conservation and management measures under this subsection—

"(i) promote international conservation of the affected fishery;

"(ii) take into consideration traditional fishing patterns of fishing vessels of the United States and the operating requirements of the fisheries;

"(iii) are fair and equitable in allocating fishing privileges among United States fishermen and do not have economic allocation as the sole purpose; and

"(iv) promote, to the extent practicable, implementation of scientific research programs that include the tagging and release of Atlantic highly migratory species.

"(2) CERTAIN FISH EXCLUDED FROM 'BYCATCH' DEFINITION.—Notwithstanding section 3(2), fish harvested in a commercial fishery managed by the Secretary under this subsection or the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971d) that are not regulatory discards and that are tagged and released alive under a scientific tagging and release program established by the Secretary shall not be considered bycatch for purposes of this Act.".

16 USC 1854 note.

(h) COMPREHENSIVE MANAGEMENT SYSTEM FOR ATLANTIC PELAGIC LONGLINE FISHERY.—(1) The Secretary of Commerce shall—

(A) establish an advisory panel under section 302(g)(4) of the Magnuson Fishery Conservation and Management Act, as amended by this Act, for pelagic longline fishing vessels that participate in fisheries for Atlantic highly migratory species;

(B) conduct surveys and workshops with affected fishery participants to provide information and identify options for future management programs;

(C) to the extent practicable and necessary for the evaluation of options for a comprehensive management system, recover vessel production records; and

(D) complete by January 1, 1998, a comprehensive study on the feasibility of implementing a comprehensive management system for pelagic longline fishing vessels that participate in fisheries for Atlantic highly migratory species, including, but not limited to, individual fishing quota programs and other limited access systems.

(2) Based on the study under paragraph (1)(D) and consistent with the requirements of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.), in cooperation with affected participants in the fishery, the United States Commissioners on the International Commission for the Conservation of Atlantic Tunas, and the advisory panel established under paragraph (1)(A), the Secretary of Commerce may, after October 1, 1998, implement a comprehensive management system pursuant to section 304 of such Act (16 U.S.C. 1854) for pelagic longline fishing vessels that participate in fisheries for Atlantic highly migratory species. Such a system may not implement an individual fishing quota program until after October 1, 2000.

(i) REPEAL OR REVOCATION OF A FISHERY MANAGEMENT PLAN.—Section 304, as amended, is further amended by adding at the end the following:

"(h) REPEAL OR REVOCATION OF A FISHERY MANAGEMENT PLAN.—The Secretary may repeal or revoke a fishery management plan for a fishery under the authority of a Council only if the Council approves the repeal or revocation by a three-quarters majority of the voting members of the Council.".

(j) AMERICAN LOBSTER FISHERY.—Section 304(h) of the Magnuson Fishery Conservation and Management Act, as amended by this Act, shall not apply to the American Lobster Fishery Management Plan. 16 USC 1854 note.

"(B) Within 30 days after receiving a recommendation under subparagraph (A), a Federal agency shall provide a detailed response in writing to any Council commenting under paragraph (3) and the Secretary regarding the matter. The response shall include a description of measures proposed by the agency for avoiding, mitigating, or offsetting the impact of the activity on such habitat. In the case of a response that is inconsistent with the recommendations of the Secretary, the Federal agency shall explain its reasons for not following the recommendations.".

Such registry system shall—

"(A) provide a mechanism for filing notice of a nonjudicial foreclosure or enforcement of a judgment by which the holder of a senior security interest acquires or conveys ownership of a permit, and in the event of a nonjudicial foreclosure, by which the interests of the holders of junior security interests are released when the permit is transferred;

"(B) provide for public access to the information filed under such system, notwithstanding section 402(b); and Public information.

"(C) provide such notice and other requirements of applicable law that the Secretary deems necessary for an effective registry system.

"(2) The Secretary shall promulgate such regulations as may be necessary to carry out this subsection, after consulting with the Councils and providing an opportunity for public comment. "(i) ALASKA AND WESTERN PACIFIC COMMUNITY DEVELOPMENT PROGRAMS.—

Establishment.

"(1)(A) The North Pacific Council and the Secretary shall establish a western Alaska community development quota program under which a percentage of the total allowable catch of any Bering Sea fishery is allocated to the program.

"(B) To be eligible to participate in the western Alaska community development quota program under subparagraph (A) a community shall—

"(i) be located within 50 nautical miles from the baseline from which the breadth of the territorial sea is measured along the Bering Sea coast from the Bering Strait to the western most of the Aleutian Islands, or on an island within the Bering Sea;

"(iii) meet criteria developed by the Governor of Alaska, approved by the Secretary, and published in the Federal Register;

"(iv) be certified by the Secretary of the Interior pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) to be a Native village;

"(v) consist of residents who conduct more than one-half of their current commercial or subsistence fishing effort in the waters of the Bering Sea or waters surrounding the Aleutian Islands; and

"(vi) not have previously developed harvesting or processing capability sufficient to support substantial participation in the groundfish fisheries in the Bering Sea, unless the community can show that the benefits from an approved Community Development Plan would be the only way for the community to realize a return from previous investments.

"(C)(i) Prior to October 1, 2001, the North Pacific Council may not submit to the Secretary any fishery management plan,

plan amendment, or regulation that allocates to the western Alaska community development quota program a percentage of the total allowable catch of any Bering Sea fishery for which, prior to October 1, 1995, the Council had not approved a percentage of the total allowable catch for allocation to such community development quota program. The expiration of any plan, amendment, or regulation that meets the requirements of clause (ii) prior to October 1, 2001, shall not be construed to prohibit the Council from submitting a revision or extension of such plan, amendment, or regulation to the Secretary if such revision or extension complies with the other requirements of this paragraph.

"(ii) With respect to a fishery management plan, plan amendment, or regulation for a Bering Sea fishery that—

"(I) allocates to the western Alaska community development quota program a percentage of the total allowable catch of such fishery; and

"(II) was approved by the North Pacific Council prior to October 1, 1995;

the Secretary shall, except as provided in clause (iii) and after approval of such plan, amendment, or regulation under section 304, allocate to the program the percentage of the total allowable catch described in such plan, amendment, or regulation. Prior to October 1, 2001, the percentage submitted by the Council and approved by the Secretary for any such plan, amendment, or regulation shall be no greater than the percentage approved by the Council for such fishery prior to October 1, 1995.

"(iii) The Secretary shall phase in the percentage for community development quotas approved in 1995 by the North Pacific Council for the Bering Sea crab fisheries as follows:

"(I) 3.5 percent of the total allowable catch of each such fishery for 1998 shall be allocated to the western Alaska community development quota program;

"(II) 5 percent of the total allowable catch of each such fishery for 1999 shall be allocated to the western Alaska community development quota program; and

"(III) 7.5 percent of the total allowable catch of each such fishery for 2000 and thereafter shall be allocated to the western Alaska community development quota program, unless the North Pacific Council submits and the Secretary approves a percentage that is no greater than 7.5 percent of the total allowable catch of each such fishery for 2001 or the North Pacific Council submits and the Secretary approves any other percentage on or after October 1, 2001.

"(D) This paragraph shall not be construed to require the North Pacific Council to resubmit, or the Secretary to reapprove, any fishery management plan or plan amendment approved by the North Pacific Council prior to October 1, 1995, that includes a community development quota program, or any regulations to implement such plan or amendment.

"(2)(A) The Western Pacific Council and the Secretary may establish a western Pacific community development program for any fishery under the authority of such Council in order to provide access to such fishery for western Pacific communities that participate in the program.

"(B) To be eligible to participate in the western Pacific community development program, a community shall—

"(i) be located within the Western Pacific Regional Fishery Management Area;

"(ii) meet criteria developed by the Western Pacific Council, approved by the Secretary and published in the Federal Register;

"(iii) consist of community residents who are descended from the aboriginal people indigenous to the area who conducted commercial or subsistence fishing using traditional fishing practices in the waters of the Western Pacific region;

"(iv) not have previously developed harvesting or processing capability sufficient to support substantial participation in fisheries in the Western Pacific Regional Fishery Management Area; and

"(v) develop and submit a Community Development Plan to the Western Pacific Council and the Secretary.

"(C) In developing the criteria for eligible communities under subparagraph (B)(ii), the Western Pacific Council shall base such criteria on traditional fishing practices in or dependence on the fishery, the cultural and social framework relevant to the fishery, and economic barriers to access to the fishery.

"(D) For the purposes of this subsection 'Western Pacific Regional Fishery Management Area' means the area under the jurisdiction of the Western Pacific Council, or an island within such area.

"(E) Notwithstanding any other provision of this Act, the Western Pacific Council shall take into account traditional indigenous fishing practices in preparing any fishery management plan.

"(3) The Secretary shall deduct from any fees collected from a community development quota program under section 304(d)(2) the costs incurred by participants in the program for observer and reporting requirements which are in addition to observer and reporting requirements of other participants in the fishery in which the allocation to such program has been made.

"(4) After the date of enactment of the Sustainable Fisheries Act, the North Pacific Council and Western Pacific Council may not submit to the Secretary a community development quota program that is not in compliance with this subsection.".

16 USC 1855 note.

(b) WESTERN PACIFIC DEMONSTRATION PROJECTS.—(1) The Secretary of Commerce and the Secretary of the Interior are authorized to make direct grants to eligible western Pacific communities, as recommended by the Western Pacific Fishery Management Council, for the purpose of establishing not less than three and not more than five fishery demonstration projects to foster and promote traditional indigenous fishing practices. The total amount of grants awarded under this subsection shall not exceed $500,000 in each fiscal year.

(2) Demonstration projects funded pursuant to this subsection shall foster and promote the involvement of western Pacific communities in western Pacific fisheries and may—

(A) identify and apply traditional indigenous fishing practices;

(B) develop or enhance western Pacific community-based fishing opportunities; and

(C) involve research, community education, or the acquisition of materials and equipment necessary to carry out any such demonstration project.

(3)(A) The Western Pacific Fishery Management Council, in consultation with the Secretary of Commerce, shall establish an advisory panel under section 302(g) of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1852(g)) to evaluate, determine the relative merits of, and annually rank applications for such grants. The panel shall consist of not more than 8 individuals who are knowledgeable or experienced in traditional indigenous fishery practices of western Pacific communities and who are not members or employees of the Western Pacific Fishery Management Council.

(B) If the Secretary of Commerce or the Secretary of the Interior awards a grant for a demonstration project not in accordance with the rank given to such project by the advisory panel, the Secretary shall provide a detailed written explanation of the reasons therefor.

(4) The Western Pacific Fishery Management Council shall, with the assistance of such advisory panel, submit an annual report to the Congress assessing the status and progress of demonstration projects carried out under this subsection. Reports.

(5) Appropriate Federal agencies may provide technical assistance to western Pacific community-based entities to assist in carrying out demonstration projects under this subsection.

(6) For the purposes of this subsection, 'western Pacific community' shall mean a community eligible to participate under section 305(i)(2)(B) of the Magnuson Fishery Conservation and Management Act, as amended by this Act.

SEC. 112. STATE JURISDICTION.

(a) Paragraph (3) of section 306(a) (16 U.S.C. 1856(a)) is amended to read as follows:

"(A) The fishing vessel is registered under the law of that State, and (i) there is no fishery management plan or other applicable Federal fishing regulations for the fishery in which the vessel is operating; or (ii) the State's laws and regulations are consistent with the fishery management plan and applicable Federal fishing regulations for the fishery in which the vessel is operating.

"(B) The fishery management plan for the fishery in which the fishing vessel is operating delegates management of the fishery to a State and the State's laws and regulations are consistent with such fishery management plan. If at any time the Secretary determines that a State law or regulation applicable to a fishing vessel under this circumstance is not consistent with the fishery management plan, the Secretary shall promptly notify the State and the appropriate Council of such determination and provide an opportunity for the State to correct any inconsistencies identified in the notification. If, after notice and opportunity for corrective action, the State does not correct the inconsistencies identified by the Secretary, the authority granted to the State under this subparagraph shall not Notification.

For a fishery for which there was a fishery management plan in place on August 1, 1996 that did not delegate management of the fishery to a State as of that date, the authority provided by this subparagraph applies only if the Council approves the delegation of management of the fishery to the State by a three-quarters majority vote of the voting members of the Council.

"(C) The fishing vessel is not registered under the law of the State of Alaska and is operating in a fishery in the exclusive economic zone off Alaska for which there was no fishery management plan in place on August 1, 1996, and the Secretary and the North Pacific Council find that there is a legitimate interest of the State of Alaska in the conservation and management of such fishery. The authority provided under this subparagraph shall terminate when a fishery management plan under this Act is approved and implemented for such fishery.".

Termination date.

(b) Section 306(b) (16 U.S.C. 1856(b)) is amended by adding at the end the following:

16 USC 1861a.

(a) Section 312 is amended to read as follows:

"SEC. 312. TRANSITION TO SUSTAINABLE FISHERIES.

"(a) FISHERIES DISASTER RELIEF.—(1) At the discretion of the Secretary or at the request of the Governor of an affected State or a fishing community, the Secretary shall determine whether there is a commercial fishery failure due to a fishery resource disaster as a result of—

"(A) natural causes;

"(B) man-made causes beyond the control of fishery managers to mitigate through conservation and management measures; or

"(C) undetermined causes.

"(2) Upon the determination under paragraph (1) that there is a commercial fishery failure, the Secretary is authorized to make sums available to be used by the affected State, fishing community, or by the Secretary in cooperation with the affected State or fishing community for assessing the economic and social effects of the commercial fishery failure, or any activity that the Secretary determines is appropriate to restore the fishery or prevent a similar failure in the future and to assist a fishing community affected by such failure. Before making funds available for an activity authorized under this section, the Secretary shall make a determination that such activity will not expand the size or scope of the commercial fishery failure in that fishery or into other fisheries or other geographic regions.

"(3) The Federal share of the cost of any activity carried out under the authority of this subsection shall not exceed 75 percent of the cost of that activity.

Appropriation authorization.

"(4) There are authorized to be appropriated to the Secretary such sums as are necessary for each of the fiscal years 1996, 1997, 1998, and 1999.

"(b) FISHING CAPACITY REDUCTION PROGRAM.—(1) The Secretary, at the request of the appropriate Council for fisheries under the authority of such Council, or the Governor of a State for fisheries under State authority, may conduct a fishing capacity reduction program (referred to in this section as the 'program') in a fishery if the Secretary determines that the program—

"(A) is necessary to prevent or end overfishing, rebuild stocks of fish, or achieve measurable and significant improvements in the conservation and management of the fishery;

"(B) is consistent with the Federal or State fishery management plan or program in effect for such fishery, as appropriate, and that the fishery management plan—

"(i) will prevent the replacement of fishing capacity removed by the program through a moratorium on new entrants, restrictions on vessel upgrades, and other effort control measures, taking into account the full potential fishing capacity of the fleet; and

"(ii) establishes a specified or target total allowable catch or other measures that trigger closure of the fishery or adjustments to reduce catch; and

"(C) is cost-effective and capable of repaying any debt obligation incurred under section 1111 of title XI of the Merchant Marine Act, 1936.

"(2) The objective of the program shall be to obtain the maximum sustained reduction in fishing capacity at the least cost and in a minimum period of time. To achieve that objective, the Secretary is authorized to pay—

"(A) the owner of a fishing vessel, if such vessel is (i) scrapped, or (ii) through the Secretary of the department in which the Coast Guard is operating, subjected to title restrictions that permanently prohibit and effectively prevent its use in fishing, and if the permit authorizing the participation of the vessel in the fishery is surrendered for permanent revocation and the owner relinquishes any claim associated with the vessel and permit that could qualify such owner for any present or future limited access system permit in the fishery for which the program is established; or

"(B) the holder of a permit authorizing participation in the fishery, if such permit is surrendered for permanent revocation, and such holder relinquishes any claim associated with the permit and vessel used to harvest fishery resources under the permit that could qualify such holder for any present or future limited access system permit in the fishery for which the program was established.

"(3) Participation in the program shall be voluntary, but the Secretary shall ensure compliance by all who do participate.

"(4) The Secretary shall consult, as appropriate, with Councils, Federal agencies, State and regional authorities, affected fishing communities, participants in the fishery, conservation organizations, and other interested parties throughout the development and implementation of any program under this section.

"(c) PROGRAM FUNDING.—(1) The program may be funded by any combination of amounts—

"(A) available under clause (iv) of section 2(b)(1)(A) of the Act of August 11, 1939 (15 U.S.C. 713c–3(b)(1)(A); the Saltonstall-Kennedy Act);

"(B) appropriated for the purposes of this section;

"(C) provided by an industry fee system established under subsection (d) and in accordance with section 1111 of title XI of the Merchant Marine Act, 1936; or

"(D) provided from any State or other public sources or private or non-profit organizations.

"(2) All funds for the program, including any fees established under subsection (d), shall be paid into the fishing capacity reduction fund established under section 1111 of title XI of the Merchant Marine Act, 1936.

"(d) INDUSTRY FEE SYSTEM.—(1)(A) If an industry fee system is necessary to fund the program, the Secretary, at the request of the appropriate Council, may conduct a referendum on such

system. Prior to the referendum, the Secretary, in consultation with the Council, shall—

Notification.

"(i) identify, to the extent practicable, and notify all permit or vessel owners who would be affected by the program; and

"(ii) make available to such owners information about the industry fee system describing the schedule, procedures, and eligibility requirements for the referendum, the proposed program, and the amount and duration and any other terms and conditions of the proposed fee system.

"(B) The industry fee system shall be considered approved if the referendum votes which are cast in favor of the proposed system constitute a two-thirds majority of the participants voting.

"(2) Notwithstanding section 304(d) and consistent with an approved industry fee system, the Secretary is authorized to establish such a system to fund the program and repay debt obligations incurred pursuant to section 1111 of title XI of the Merchant Marine Act, 1936. The fees for a program established under this section shall—

"(A) be determined by the Secretary and adjusted from time to time as the Secretary considers necessary to ensure the availability of sufficient funds to repay such debt obligations;

"(B) not exceed 5 percent of the ex-vessel value of all fish harvested from the fishery for which the program is established;

"(C) be deducted by the first ex-vessel fish purchaser from the proceeds otherwise payable to the seller and accounted for and forwarded by such fish purchasers to the Secretary in such manner as the Secretary may establish; and

"(D) be in effect only until such time as the debt obligation has been fully paid.

Federal Register, publication.

"(e) IMPLEMENTATION PLAN.—(1) The Secretary, in consultation with the appropriate Council or State and other interested parties, shall prepare and publish in the Federal Register for a 60-day public comment period an implementation plan, including proposed regulations, for each program. The implementation plan shall—

"(A) define criteria for determining types and numbers of vessels which are eligible for participation in the program taking into account characteristics of the fishery, the requirements of applicable fishery management plans, the needs of fishing communities, and the need to minimize program costs; and

"(B) establish procedures for program participation (such as submission of owner bid under an auction system or fair market-value assessment) including any terms and conditions for participation which the Secretary deems to be reasonably necessary to meet the goals of the program.

"(2) During the 60-day public comment period—

Public information.

"(A) the Secretary shall conduct a public hearing in each State affected by the program; and

"(B) the appropriate Council or State shall submit its comments and recommendations, if any, regarding the plan and regulations.

Federal Register, publication.

"(3) Within 45 days after the close of the public comment period, the Secretary, in consultation with the appropriate Council or State, shall analyze the public comment received and publish in the Federal Register a final implementation plan for the program

and regulations for its implementation. The Secretary may not adopt a final implementation plan involving industry fees or debt obligation unless an industry fee system has been approved by a referendum under this section.".

(b) STUDY OF FEDERAL INVESTMENT.—The Secretary of Commerce shall establish a task force comprised of interested parties to study and report to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Resources of the House of Representatives within 2 years of the date of enactment of this Act on the role of the Federal Government in— Establishment. Reports. 16 USC 1861a note.

"(g) BYCATCH REDUCTION INCENTIVES.—(1) Notwithstanding section 304(d), the North Pacific Council may submit, and the Secretary may approve, consistent with the provisions of this Act, a system of fines in a fishery to provide incentives to reduce bycatch and bycatch rates; except that such fines shall not exceed $25,000 per vessel per season. Any fines collected shall be deposited in the North Pacific Fishery Observer Fund, and may be made available by the Secretary to offset costs related to the reduction of bycatch in the fishery from which such fines were derived, including conservation and management measures and research, and to the State of Alaska to offset costs incurred by the State in the fishery from which such penalties were derived or in fisheries in which the State is directly involved in management or enforcement and which are directly affected by the fishery from which such penalties were derived.

"(2)(A) Notwithstanding section 303(d), and in addition to the authority provided in section 303(b)(10), the North Pacific Council may submit, and the Secretary may approve, conservation and management measures which provide allocations of regulatory discards to individual fishing vessels as an incentive to reduce per vessel bycatch and bycatch rates in a fishery, *Provided,* That—

"(i) such allocations may not be transferred for monetary consideration and are made only on an annual basis; and

"(ii) any such conservation and management measures will meet the requirements of subsection (h) and will result in an actual reduction in regulatory discards in the fishery.

"(B) The North Pacific Council may submit restrictions in addition to the restriction imposed by clause (i) of subparagraph (A) on the transferability of any such allocations, and the Secretary may approve such recommendation.

"(h) CATCH MEASUREMENT.—(1) By June 1, 1997 the North Pacific Council shall submit, and the Secretary may approve, consistent with the other provisions of this Act, conservation and management measures to ensure total catch measurement in each fishery under the jurisdiction of such Council. Such measures shall ensure the accurate enumeration, at a minimum, of target species, economic discards, and regulatory discards.

"(2) To the extent the measures submitted under paragraph (1) do not require United States fish processors and fish processing vessels (as defined in chapter 21 of title 46, United States Code) to weigh fish, the North Pacific Council and the Secretary shall submit a plan to the Congress by January 1, 1998, to allow for weighing, including recommendations to assist such processors and processing vessels in acquiring necessary equipment, unless the Council determines that such weighing is not necessary to meet the requirements of this subsection.

Reports.

"(i) FULL RETENTION AND UTILIZATION.—(1) The North Pacific Council shall submit to the Secretary by October 1, 1998 a report on the advisability of requiring the full retention by fishing vessels and full utilization by United States fish processors of economic discards in fisheries under its jurisdiction if such economic discards, or the mortality of such economic discards, cannot be avoided. The report shall address the projected impacts of such requirements on participants in the fishery and describe any full retention and full utilization requirements that have been implemented.

"(2) The report shall address the advisability of measures to minimize processing waste, including standards setting minimum percentages which must be processed for human consumption. For the purpose of the report, 'processing waste' means that portion of any fish which is processed and which could be used for human consumption or other commercial use, but which is not so used.".

(b) NORTHWEST ATLANTIC OCEAN FISHERIES.—Section 314 (16 U.S.C. 1863) is amended by striking "1997" in subsection (a)(4) and inserting "1999".

"(B) CRITERIA.—In carrying out subparagraph (A), the Secretary shall prescribe criteria for determining the specific shortages of personal health services of an area or population group. Such criteria shall—

"(i) take into account comments received by the Secretary from the chief executive officer of a State and local officials in a State; and

"(ii) include factors indicative of the health status of a population group or residents of an area, the ability of the residents of an area or of a population group to pay for health services and their accessibility to them, and the availability of health professionals to residents of an area or to a population group.

"(C) LIMITATION.—The Secretary may not designate a medically underserved population in a State or terminate the designation of such a population unless, prior to such designation or termination, the Secretary provides reasonable notice and opportunity for comment and consults with—

"(i) the chief executive officer of such State;

"(ii) local officials in such State; and

"(iii) the organization, if any, which represents a majority of health centers in such State.

"(D) PERMISSIBLE DESIGNATION.—The Secretary may designate a medically underserved population that does not meet the criteria established under subparagraph (B) if the chief executive officer of the State in which such population is located and local officials of such State recommend the designation of such population based on

unusual local conditions which are a barrier to access to or the availability of personal health services.

"(c) PLANNING GRANTS.—

"(1) IN GENERAL.—

"(A) CENTERS.—The Secretary may make grants to public and nonprofit private entities for projects to plan and develop health centers which will serve medically underserved populations. A project for which a grant may be made under this subsection may include the cost of the acquisition and lease of buildings and equipment (including the costs of amortizing the principal of, and paying the interest on, loans) and shall include—

"(i) an assessment of the need that the population proposed to be served by the health center for which the project is undertaken has for required primary health services and additional health services;

"(ii) the design of a health center program for such population based on such assessment;

"(iii) efforts to secure, within the proposed catchment area of such center, financial and professional assistance and support for the project;

"(iv) initiation and encouragement of continuing community involvement in the development and operation of the project; and

"(v) proposed linkages between the center and other appropriate provider entities, such as health departments, local hospitals, and rural health clinics, to provide better coordinated, higher quality, and more cost-effective health care services.

"(B) COMPREHENSIVE SERVICE DELIVERY NETWORKS AND PLANS.—The Secretary may make grants to health centers that receive assistance under this section to enable the centers to plan and develop a network or plan for the provision of health services, which may include the provision of health services on a prepaid basis or through another managed care arrangement, to some or to all of the individuals which the centers serve. Such a grant may only be made for such a center if—

"(i) the center has received grants under subsection (e)(1)(A) for at least 2 consecutive years preceding the year of the grant under this subparagraph or has otherwise demonstrated, as required by the Secretary, that such center has been providing primary care services for at least the 2 consecutive years immediately preceding such year; and

"(ii) the center provides assurances satisfactory to the Secretary that the provision of such services on a prepaid basis, or under another managed care arrangement, will not result in the diminution of the level or quality of health services provided to the medically underserved population served prior to the grant under this subparagraph.

Any such grant may include the acquisition and lease of buildings and equipment which may include data and information systems (including the costs of amortizing the principal of, and paying the interest on, loans), and providing training and technical assistance related to the provi-

sion of health services on a prepaid basis or under another managed care arrangement, and for other purposes that promote the development of managed care networks and plans.

"(2) LIMITATION.—Not more than two grants may be made under this subsection for the same project, except that upon a showing of good cause, the Secretary may make additional grant awards.

"(d) MANAGED CARE LOAN GUARANTEE PROGRAM.—

"(1) ESTABLISHMENT.—

"(A) IN GENERAL.—The Secretary shall establish a program under which the Secretary may, in accordance with this subsection and to the extent that appropriations are provided in advance for such program, guarantee the principal and interest on loans made by non-Federal lenders to health centers funded under this section for the costs of developing and operating managed care networks or plans.

"(B) USE OF FUNDS.—Loan funds guaranteed under this subsection may be used—

"(i) to establish reserves for the furnishing of services on a pre-paid basis; or

"(ii) for costs incurred by the center or centers, otherwise permitted under this section, as the Secretary determines are necessary to enable a center or centers to develop, operate, and own the network or plan.

"(C) PUBLICATION OF GUIDANCE.—Prior to considering an application submitted under this subsection, the Secretary shall publish guidelines to provide guidance on the implementation of this section. The Secretary shall make such guidelines available to the universe of parties affected under this subsection, distribute such guidelines to such parties upon the request of such parties, and provide a copy of such guidelines to the appropriate committees of Congress.

"(2) PROTECTION OF FINANCIAL INTERESTS.—

"(A) IN GENERAL.—The Secretary may not approve a loan guarantee for a project under this subsection unless the Secretary determines that—

"(i) the terms, conditions, security (if any), and schedule and amount of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable, including a determination that the rate of interest does not exceed such percent per annum on the principal obligation outstanding as the Secretary determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the United States, except that the Secretary may not require as security any center asset that is, or may be, needed by the center or centers involved to provide health services;

"(ii) the loan would not be available on reasonable terms and conditions without the guarantee under this subsection; and

"(iii) amounts appropriated for the program under this subsection are sufficient to provide loan guarantees under this subsection.

"(B) RECOVERY OF PAYMENTS.—

"(i) IN GENERAL.—The United States shall be entitled to recover from the applicant for a loan guarantee under this subsection the amount of any payment made pursuant to such guarantee, unless the Secretary for good cause waives such right of recovery (subject to appropriations remaining available to permit such a waiver) and, upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payments with respect to which the guarantee was made. Amounts recovered under this clause shall be credited as reimbursements to the financing account of the program.

"(ii) MODIFICATION OF TERMS AND CONDITIONS.—To the extent permitted by clause (iii) and subject to the requirements of section 504(e) of the Credit Reform Act of 1990 (2 U.S.C. 661c(e)), any terms and conditions applicable to a loan guarantee under this subsection (including terms and conditions imposed under clause (iv)) may be modified or waived by the Secretary to the extent the Secretary determines it to be consistent with the financial interest of the United States.

"(iii) INCONTESTABILITY.—Any loan guarantee made by the Secretary under this subsection shall be incontestable—

"(I) in the hands of an applicant on whose behalf such guarantee is made unless the applicant engaged in fraud or misrepresentation in securing such guarantee; and

"(II) as to any person (or successor in interest) who makes or contracts to make a loan to such applicant in reliance thereon unless such person (or successor in interest) engaged in fraud or misrepresentation in making or contracting to make such loan.

"(iv) FURTHER TERMS AND CONDITIONS.—Guarantees of loans under this subsection shall be subject to such further terms and conditions as the Secretary determines to be necessary to assure that the purposes of this section will be achieved.

"(3) LOAN ORIGINATION FEES.—

"(A) IN GENERAL.—The Secretary shall collect a loan origination fee with respect to loans to be guaranteed under this subsection, except as provided in subparagraph (C).

"(B) AMOUNT.—The amount of a loan origination fee collected by the Secretary under subparagraph (A) shall be equal to the estimated long term cost of the loan guarantees involved to the Federal Government (excluding administrative costs), calculated on a net present value basis, after taking into account any appropriations that may be made for the purpose of offsetting such costs, and in accordance with the criteria used to award loan guarantees under this subsection.

"(C) WAIVER.—The Secretary may waive the loan origination fee for a health center applicant who demonstrates to the Secretary that the applicant will be unable to meet the conditions of the loan if the applicant incurs the additional cost of the fee.

"(4) DEFAULTS.—

"(A) IN GENERAL.—Subject to the requirements of the Credit Reform Act of 1990 (2 U.S.C. 661 et seq.), the Secretary may take such action as may be necessary to prevent a default on a loan guaranteed under this subsection, including the waiver of regulatory conditions, deferral of loan payments, renegotiation of loans, and the expenditure of funds for technical and consultative assistance, for the temporary payment of the interest and principal on such a loan, and for other purposes. Any such expenditure made under the preceding sentence on behalf of a health center or centers shall be made under such terms and conditions as the Secretary shall prescribe, including the implementation of such organizational, operational, and financial reforms as the Secretary determines are appropriate and the disclosure of such financial or other information as the Secretary may require to determine the extent of the implementation of such reforms.

"(B) FORECLOSURE.—The Secretary may take such action, consistent with State law respecting foreclosure procedures and, with respect to reserves required for furnishing services on a prepaid basis, subject to the consent of the affected States, as the Secretary determines appropriate to protect the interest of the United States in the event of a default on a loan guaranteed under this subsection, except that the Secretary may only foreclose on assets offered as security (if any) in accordance with paragraph (2)(A)(i).

"(5) LIMITATION.—Not more than one loan guarantee may be made under this subsection for the same network or plan, except that upon a showing of good cause the Secretary may make additional loan guarantees.

"(6) ANNUAL REPORT.—Not later than April 1, 1998, and each April 1 thereafter, the Secretary shall prepare and submit to the appropriate committees of Congress a report concerning loan guarantees provided under this subsection. Such report shall include—

"(A) a description of the number, amount, and use of funds received under each loan guarantee provided under this subsection;

"(B) a description of any defaults with respect to such loans and an analysis of the reasons for such defaults, if any; and

"(C) a description of the steps that may have been taken by the Secretary to assist an entity in avoiding such a default.

Reports.

"(7) PROGRAM EVALUATION.—Not later than June 30, 1999, the Secretary shall prepare and submit to the appropriate committees of Congress a report containing an evaluation of the program authorized under this subsection. Such evaluation shall include a recommendation with respect to whether or not the loan guarantee program under this subsection should

be continued and, if so, any modifications that should be made to such program.

"(8) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection such sums as may be necessary.

"(e) OPERATING GRANTS.—

"(1) AUTHORITY.—

"(A) IN GENERAL.—The Secretary may make grants for the costs of the operation of public and nonprofit private health centers that provide health services to medically underserved populations.

"(B) ENTITIES THAT FAIL TO MEET CERTAIN REQUIREMENTS.—The Secretary may make grants, for a period of not to exceed 2 years, for the costs of the operation of public and nonprofit private entities which provide health services to medically underserved populations but with respect to which the Secretary is unable to make each of the determinations required by subsection (j)(3).

"(2) USE OF FUNDS.—The costs for which a grant may be made under subparagraph (A) or (B) of paragraph (1) may include the costs of acquiring and leasing buildings and equipment (including the costs of amortizing the principal of, and paying interest on, loans), and the costs of providing training related to the provision of required primary health services and additional health services and to the management of health center programs.

"(3) CONSTRUCTION.—The Secretary may award grants which may be used to pay the costs associated with expanding and modernizing existing buildings or constructing new buildings (including the costs of amortizing the principal of, and paying the interest on, loans) for projects approved prior to October 1, 1996.

"(4) LIMITATION.—Not more than two grants may be made under subparagraph (B) of paragraph (1) for the same entity.

"(5) AMOUNT.—

"(A) IN GENERAL.—The amount of any grant made in any fiscal year under paragraph (1) to a health center shall be determined by the Secretary, but may not exceed the amount by which the costs of operation of the center in such fiscal year exceed the total of—

"(i) State, local, and other operational funding provided to the center; and

25 USC 640d note.

SEC. 2. FINDINGS.

The Congress finds that—

(1) it is in the public interest for the Tribe, Navajos residing on the Hopi Partitioned Lands, and the United States to reach a peaceful resolution of the longstanding disagreements between the parties under the Act commonly known as the "Navajo-Hopi Land Settlement Act of 1974" (Public Law 93–531; 25 U.S.C. 640d et seq.);

(2) it is in the best interest of the Tribe and the United States that there be a fair and final settlement of certain issues remaining in connection with the Navajo-Hopi Land Settlement Act of 1974, including the full and final settlement of the multiple claims that the Tribe has against the United States;

(3) this Act, together with the Settlement Agreement executed on December 14, 1995, and the Accommodation Agreement (as incorporated by the Settlement Agreement), provide the authority for the Tribe to enter agreements with eligible Navajo families in order for those families to remain residents of the Hopi Partitioned Lands for a period of 75 years, subject to the terms and conditions of the Accommodation Agreement;

(4) the United States acknowledges and respects—

(A) the sincerity of the traditional beliefs of the members of the Tribe and the Navajo families residing on the Hopi Partitioned Lands; and

(B) the importance that the respective traditional beliefs of the members of the Tribe and Navajo families have with respect to the culture and way of life of those members and families;

(5) this Act, the Settlement Agreement, and the Accommodation Agreement provide for the mutual respect and protection of the traditional religious beliefs and practices of the Tribe and the Navajo families residing on the Hopi Partitioned Lands;

SEC. 12. WATER RIGHTS. 25 USC 640d note.

(a) IN GENERAL.—

(1) WATER RIGHTS.—Subject to the other provisions of this section, newly acquired trust lands shall have only the following water rights:

(A) The right to the reasonable use of groundwater pumped from such lands.

(B) All rights to the use of surface water on such lands existing under State law on the date of acquisition, with the priority date of such right under State law.

(C) The right to make any further beneficial use on such lands which is unappropriated on the date each parcel of newly acquired trust lands is taken into trust. The priority date for the right shall be the date the lands are taken into trust.

(2) RIGHTS NOT SUBJECT TO FORFEITURE OR ABANDONMENT.—The Tribe's water rights for newly acquired trust lands shall not be subject to forfeiture or abandonment arising from events occurring after the date the lands are taken into trust.

(b) RECOGNITION AS VALID USES.—

(1) GROUNDWATER.—With respect to water rights associated with newly acquired trust lands, the Tribe, and the United States on the Tribe's behalf, shall recognize as valid all uses of groundwater which may be made from wells (or their subsequent replacements) in existence on the date each parcel of newly acquired trust land is acquired and shall not object to such groundwater uses on the basis of water rights associated with the newly acquired trust lands. The Tribe, and the United States on the Tribe's behalf, may object only to the impact of groundwater uses on newly acquired trust lands which are initiated after the date the lands affected are taken into trust and only on grounds allowed by the State law as it exists when the objection is made. The Tribe, and the United States on the Tribe's behalf, shall not object to the impact of groundwater uses on the Tribe's right to surface water established pursuant to subsection (a)(3) when those groundwater uses are initiated before the Tribe initiates its beneficial use of surface water pursuant to subsection (a)(3).

(2) SURFACE WATER.—With respect to water rights associated with newly acquired trust lands, the Tribe, and the United States on the Tribe's behalf, shall recognize as valid all uses of surface water in existence on or prior to the date each parcel of newly acquired trust land is acquired and shall not object to such surface water uses on the basis of water rights associated with the newly acquired trust lands, but shall have the right to enforce the priority of its rights against all junior water rights the exercise of which interfere with the actual use of the Tribe's senior surface water rights.

(3) RULE OF CONSTRUCTION.—Nothing in paragraph (1) or (2) shall preclude the Tribe, or the United States on the Tribe's behalf, from asserting objections to water rights and uses on the basis of the Tribe's water rights on its currently existing trust lands.

(c) APPLICABILITY OF STATE LAW ON LANDS OTHER THAN NEWLY ACQUIRED LANDS.—The Tribe, and the United States on the Tribe's behalf, further recognize that State law applies to water uses on lands, including subsurface estates, that exist within the exterior boundaries of newly acquired trust lands and that are owned by any party other than the Tribe.

(d) ADJUDICATION OF WATER RIGHTS ON NEWLY ACQUIRED TRUST LANDS.—The Tribe's water rights on newly acquired trust lands shall be adjudicated with the rights of all other competing users in the court now presiding over the Little Colorado River Adjudication, or if that court no longer has jurisdiction, in the appropriate State or Federal court. Any controversies between or among users arising under Federal or State law involving the Tribe's water rights on newly acquired trust lands shall be resolved in the court now presiding over the Little Colorado River Adjudication, or, if that court no longer has jurisdiction, in the appropriate State or Federal court. Nothing in this subsection shall be construed to affect any court's jurisdiction: *Provided,* That the Tribe shall administer all water rights established in subsection (a).

(e) PROHIBITION.—Water rights for newly acquired trust lands shall not be used, leased, sold, or transported for use off of such lands or the Tribe's other trust lands: *Provided,* That the Tribe may agree with other persons having junior water rights to subordinate the Tribe's senior water rights. Water rights for newly acquired trust lands can only be used on those lands or other trust lands of the Tribe located within the same river basin tributary to the main stream of the Colorado River.

(f) SUBSURFACE INTERESTS.—On any newly acquired trust lands where the subsurface interest is owned by any party other than the Tribe, the trust status of the surface ownership shall not impair any existing right of the subsurface owner to develop the subsurface interest and to have access to the surface for the purpose of such development.

(g) STATUTORY CONSTRUCTION WITH RESPECT TO WATER RIGHTS OF OTHER FEDERALLY RECOGNIZED INDIAN TRIBES.—Nothing in this section shall affect the water rights of any other federally recognized Indian tribe with a priority date earlier than the date the newly acquired trust lands are taken into trust.

(h) STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to determine the law applicable to water use on lands owned by the United States, other than on the newly acquired trust lands. The granting of the right to make beneficial use of unappropriated surface water on the newly acquired trust lands with a priority date such lands are taken into trust shall not be construed to imply that such right is a Federal reserved water

right. Nothing in this section or any other provision of this Act shall be construed to establish any Federal reserved right to groundwater. Authority for the Secretary to take land into trust for the Tribe pursuant to the Settlement Agreement and this Act shall be construed as having been provided solely by the provisions of this Act.

An Act

To express the sense of the Congress that United States Government agencies in possession of records about individuals who are alleged to have committed Nazi war crimes should make these records public.

Oct. 19, 1996
[H.R. 1281]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

The Congress finds that—

(1) during the 104th Congress, Americans commemorated the 50th anniversary of the conclusion of the Second World War and the end of the Holocaust, one of the worst tragedies in history;

(2) it is important to learn all that we can about this terrible era so that we can prevent such a catastrophe from ever happening again;

(3) the cold war is over;

(4) numerous nations, including those of the former Soviet Union, are making public their files on Nazi war criminals as well as crimes committed by agencies of their own governments;

(5) on April 17, 1995, President Clinton signed Executive Order 12958, which will make available certain previously classified national security documents that are at least 25 years old; William J. Clinton.

(6) that Executive Order stated: "Our democratic principles require that the American people be informed of the activities of their Government.";

(7) this year marks the 30th anniversary of the passage of the Freedom of Information Act;

(8) agencies of the United States Government possess information on individuals who ordered, incited, assisted, or otherwise participated in Nazi war crimes;

(9) some agencies have routinely denied Freedom of Information Act requests for information about individuals who committed Nazi war crimes;

(10) United States Government agencies may have been in possession of material about the war crimes facilitated by Kurt Waldheim but did not make this information public; Kurt Waldheim.

(11) it is legitimate not to disclose certain material in Government files if the disclosure would seriously and demonstrably harm current or future national defense, intelligence, or foreign relations activities of the United States and if protection of these matters from disclosure outweighs the public interest of disclosure;

(12) the disclosure of most Nazi war crimes information should not harm United States national interests; and

(13) the Office of Special Investigations of the Department of Justice is engaged in vital work investigating and expelling Nazi war criminals from the United States, accordingly, the records created by these investigations and other actions should not be disclosed, and the investigations and other actions should not be interfered with.

SEC. 2. SENSE OF THE CONGRESS.

It is the sense of the Congress that United States Government agencies in possession of records about individuals who are alleged to have committed Nazi war crimes should make these records public.

Joint Resolution

Granting the consent of Congress to the Emergency Management Assistance Compact.

Oct. 19, 1996
[H.J. Res. 193]

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONGRESSIONAL CONSENT.

State listing.

The Congress consents to the Emergency Management Assistance Compact entered into by Delaware, Florida, Georgia, Louisiana, Maryland, Mississippi, Missouri, Oklahoma, South Carolina, South Dakota, Tennessee, Virginia, and West Virginia. The compact reads substantially as follows:

"Emergency Management Assistance Compact

"ARTICLE I.

"PURPOSE AND AUTHORITIES.

"This compact is made and entered into by and between the participating member states which enact this compact, hereinafter called party states. For the purposes of this compact, the term 'states' is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all U.S. territorial possessions.

"The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency disaster that is duly declared by the Governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

"This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' National Guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states.

"ARTICLE II.

"GENERAL IMPLEMENTATION.

"Each party state entering into this compact recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

"The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

"On behalf of the Governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

"ARTICLE III.

"PARTY STATE RESPONSIBILITIES.

"A. It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:

"1. Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resources shortages, civil disorders, insurgency, or enemy attack;

"2. Review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

"3. Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

"4. Assist in warning communities adjacent to or crossing the state boundaries;

"5. Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material;

"6. Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

"7. Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

"B. The authorized representative of a party state may request assistance to another party state by contacting the authorized representative of that state. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide the following information:

"1. A description of the emergency service function for which assistance is needed, including, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building, inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

"2. The amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed; and

"3. The specific place and time for staging of the assisting party's response and a point of contact at that location.

"C. There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States Government, with free exchange of information, plans, and resource records relating to emergency capabilities.

"ARTICLE IV.

"LIMITATIONS.

"Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state.

"Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state emergency or disaster by the governor of the party state that is to receive assistance or upon commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

"ARTICLE V.

"LICENSES AND PERMITS.

"Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the Governor of the requesting state may prescribe by executive order or otherwise.

"ARTICLE VI.

"LIABILITY.

"Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes. No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

"ARTICLE VII.

"SUPPLEMENTARY AGREEMENTS.

"Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this compact contains elements of a broad base common to all states, and nothing herein shall preclude any state entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

"ARTICLE VIII.

"COMPENSATION.

"Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

"ARTICLE IX.

"REIMBURSEMENT.

"Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses shall not be reimbursable under this article.

"ARTICLE X.

"EVACUATION.

"Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management/services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines, and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

"ARTICLE XI.

"IMPLEMENTATION.

"A. This compact shall become effective immediately upon its enactment into law by any two states. Thereafter, this compact shall become effective as to any other state upon enactment by such state. Effective date.

"B. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until thirty days after the Governor of the withdrawing state has given notice in writing of such withdrawal to the Governors of all other party states. Such action shall not relieve

the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

"C. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the United States Government.

"ARTICLE XII.

"VALIDITY.

"This compact shall be construed to effectuate the purposes stated in Article I. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected.

"ARTICLE XIII.

"ADDITIONAL PROVISIONS.

"Nothing in this compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into federal service the militia, or for any purpose for which the use of the Army or the Air Force would in the absence of express statutory authorization be prohibited under § 1385 of Title 18 of the United States Code.".

SEC. 2. RIGHT TO ALTER, AMEND, OR REPEAL.

The right to alter, amend, or repeal this joint resolution is hereby expressly reserved. The consent granted by this joint resolution shall—

(1) not be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the subject of the compact;

(2) not be construed as consent to the National Guard Mutual Assistance Compact;

(3) be construed as understanding that the first paragraph of Article II of the compact provides that emergencies will require procedures to provide immediate access to existing resources to make a prompt and effective response;

(4) not be construed as providing authority in Article III A. 7. that does not otherwise exist for the suspension of statutes or ordinances;

(5) be construed as understanding that Article III C. does not impose any affirmative obligation to exchange information, plans, and resource records on the United States or any party which has not entered into the compact; and

(6) be construed as understanding that Article XIII does not affect the authority of the President over the National Guard provided by article I of the Constitution and title 10 of the United States Code.

SEC. 3. CONSTRUCTION AND SEVERABILITY.

It is intended that the provisions of this compact shall be reasonably and liberally construed to effectuate the purposes

thereof. If any part or application of this compact, or legislation enabling the compact, is held invalid, the remainder of the compact or its application to other situations or persons shall not be affected.

SEC. 4. INCONSISTENCY OF LANGUAGE.

The validity of this compact shall not be affected by any insubstantial difference in its form or language as adopted by the States.

(7) Section 73 is amended to read as follows:

"Contracting and Purchasing

"73. (a)(1) Except as provided in subsections (b), (c), and (f) of this section, and except in the case of procurement procedures otherwise expressly authorized by statute, the Authority in conducting a procurement of property, services, or construction shall:

"(A) obtain full and open competition through the use of competitive procedures in accordance with the requirements of this Section; and

"(B) use the competitive procedure or combination of competitive procedures that is best suited under the circumstances of the procurement.

"(2) In determining the competitive procedure appropriate under the circumstances, the Authority shall:

"(A) solicit sealed bids if:

"(i) time permits the solicitation, submission, and evaluation of sealed bids;

"(ii) the award will be made on the basis of price and other price-related factors;

"(iii) it is not necessary to conduct discussions with the responding sources about their bids; and

"(iv) there is a reasonable expectation of receiving more than one sealed bid; or

"(B) request competitive proposals if sealed bids are not appropriate under clause (A) of this paragraph.

"(b) The Authority may provide for the procurement of property, services, or construction covered by this Section using competitive procedures but excluding a particular source in order to establish or maintain an alternative source or sources of supply for that property, service, or construction if the Authority determines that excluding the source would increase or maintain competition and would likely result in reduced overall costs for procurement of property, services, or construction.

"(c) The Authority may use procedures other than competitive procedures if:

"(1) the property, services, or construction needed by the Authority is available from only one responsible source and no other type of property, services, or construction will satisfy the needs of the Authority; or

"(2) the Authority's need for the property, services, or construction is of such an unusual and compelling urgency that the Authority would be seriously injured unless the Authority limits the number of sources from which it solicits bids or proposals; or

"(3) the Authority determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement; or

"(4) the property or services can be obtained through federal or other governmental sources at reasonable prices.

"(d) For the purpose of applying subsection (c)(1) of this section:

"(1) in the case of a contract for property, services, or construction to be awarded on the basis of acceptance of an unsolicited proposal, the property, services, or construction shall be deemed to be available from only one responsible source if the source has submitted an unsolicited proposal that demonstrates a concept:

"(A) that is unique and innovative or, in the case of a service, for which the source demonstrates a unique capability to provide the service; and

"(B) the substance of which is not otherwise available to the Authority and does not resemble the substance of a pending competitive procurement.

"(2) in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment or the continued provision of highly specialized services, the property, services, or construction may be deemed to be available from only the original source and may be procured through procedures other than competitive procedures if it is likely that award to a source other than the original source would result in:

"(A) substantial duplication of cost to the Authority that is not expected to be recovered through competition; or

"(B) unacceptable delays in fulfilling the Authority's needs.

"(e) If the Authority uses procedures other than competitive procedures to procure property, services, or construction under subsection (c)(2) of this section, the Authority shall request offers from as many potential sources as is practicable under the circumstances.

"(f)(1) To promote efficiency and economy in contracting, the Authority may use simplified acquisition procedures for purchases of property, services and construction.

"(2) For the purposes of this subsection, simplified acquisition procedures may be used for purchases for an amount that does not exceed the simplified acquisition threshold adopted by the Federal Government.

"(3) A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the procedures under paragraph (1) of this subsection.

"(4) In using simplified acquisition procedures, the Authority shall promote competition to the maximum extent practicable.

"(g) The Board shall adopt policies and procedures to implement this Section. The policies and procedures shall provide for publication of notice of procurements and other actions designed to secure competition where competitive procedures are used.

SEC. 2. CONGRESSIONAL FINDINGS. 25 USC 4101.

The Congress finds that—

(1) the Federal Government has a responsibility to promote the general welfare of the Nation—

(A) by using Federal resources to aid families and individuals seeking affordable homes in safe and healthy environments and, in particular, assisting responsible, deserving citizens who cannot provide fully for themselves because of temporary circumstances or factors beyond their control;

(B) by working to ensure a thriving national economy and a strong private housing market; and

(C) by developing effective partnerships among the Federal Government, State, tribal, and local governments, and private entities that allow government to accept responsibility for fostering the development of a healthy marketplace and allow families to prosper without government involvement in their day-to-day activities;

(2) there exists a unique relationship between the Government of the United States and the governments of Indian tribes and a unique Federal responsibility to Indian people;

(3) the Constitution of the United States invests the Congress with plenary power over the field of Indian affairs, and through treaties, statutes, and historical relations with Indian tribes, the United States has undertaken a unique trust responsibility to protect and support Indian tribes and Indian people;

(4) the Congress, through treaties, statutes, and the general course of dealing with Indian tribes, has assumed a trust responsibility for the protection and preservation of Indian tribes and for working with tribes and their members to improve their housing conditions and socioeconomic status so that they are able to take greater responsibility for their own economic condition;

(5) providing affordable homes in safe and healthy environments is an essential element in the special role of the United

States in helping tribes and their members to improve their housing conditions and socioeconomic status;

(6) the need for affordable homes in safe and healthy environments on Indian reservations, in Indian communities, and in Native Alaskan villages is acute and the Federal Government should work not only to provide housing assistance, but also, to the extent practicable, to assist in the development of private housing finance mechanisms on Indian lands to achieve the goals of economic self-sufficiency and self-determination for tribes and their members; and

(7) Federal assistance to meet these responsibilities should be provided in a manner that recognizes the right of Indian self-determination and tribal self-governance by making such assistance available directly to the Indian tribes or tribally designated entities under authorities similar to those accorded Indian tribes in Public Law 93–638 (25 U.S.C. 450 et seq.).

25 USC 4102.

for each Indian tribe for which such operating or modernization assistance was provided for fiscal year 1996 shall not be less than the total amount of such operating and modernization assistance provided for fiscal year 1996 for such tribe.

(2) PARTIAL FUNDING.—The formula shall provide that, if, in any fiscal year, the total amount made available for assistance under this Act is less than the total amount made available for fiscal year 1996 for assistance for the operation and modernization of public housing developed or operated pursuant to a contract between the Secretary and an Indian housing authority pursuant to the United States Housing Act of 1937, the amount provided for such fiscal year for each Indian tribe for which such operating or modernization assistance was provided for fiscal year 1996 shall not be less than the amount that bears the same ratio to the total amount available for assistance under this Act for such fiscal year that the amount of operating and modernization assistance provided for the tribe for fiscal year 1996 bears to the total amount made available for fiscal year 1996 for assistance for the operation and modernization of such public housing.

To provide for ballast water management to prevent the introduction and spread of nonindigenous species into the waters of the United States, and for other purposes.

Oct. 26, 1996
[H.R. 4283]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

National Invasive Species Act of 1996. Environmental protection. Maritime affairs. 16 USC 4701 note.

SECTION 1. SHORT TITLE; REFERENCES.

(a) IN GENERAL.—This Act may be cited as the "National Invasive Species Act of 1996".

(b) REFERENCES.—Whenever in this Act an amendment or repeal is expressed in terms of an amendment to or repeal of a section or other provision, the reference shall be considered to be made to a section or other provision of the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (16 U.S.C. 4701 et seq.).

SEC. 2. AMENDMENTS TO THE NONINDIGENOUS AQUATIC NUISANCE PREVENTION AND CONTROL ACT OF 1990.

(a) FINDINGS; DEFINITIONS.—

(1) FINDINGS.—Section 1002(a) (16 U.S.C. 4701(a)) is amended—

(A) by striking paragraphs (2) and (3) and inserting the following new paragraphs:

"(2) when environmental conditions are favorable, nonindigenous species become established, may compete with or prey upon native species of plants, fish, and wildlife, may carry diseases or parasites that affect native species, and may disrupt the aquatic environment and economy of affected nearshore areas;

"(3) the zebra mussel was unintentionally introduced into the Great Lakes and has infested—

"(A) waters south of the Great Lakes, into a good portion of the Mississippi River drainage;

"(B) waters west of the Great Lakes, into the Arkansas River in Oklahoma; and

"(C) waters east of the Great Lakes, into the Hudson River and Lake Champlain;";

(B) in paragraph (4)—

(i) by inserting "by the zebra mussel and ruffe, round goby, and other nonindigenous species" after "other species"; and

(ii) by striking "and" at the end;

(C) in paragraph (5), by striking the period and inserting a semicolon; and

(D) by adding at the end the following new paragraphs:

"(6) in 1992, the zebra mussel was discovered at the northernmost reaches of the Chesapeake Bay watershed;

"(7) the zebra mussel poses an imminent risk of invasion in the main waters of the Chesapeake Bay;

"(8) since the Chesapeake Bay is the largest recipient of foreign ballast water on the East Coast, there is a risk of further invasions of other nonindigenous species;

"(9) the zebra mussel is only one example of thousands of nonindigenous species that have become established in waters of the United States and may be causing economic and ecological degradation with respect to the natural resources of waters of the United States;

"(10) since their introduction in the early 1980's in ballast water discharges, ruffe—

"(A) have caused severe declines in populations of other species of fish in Duluth Harbor (in Minnesota and Wisconsin);

"(B) have spread to Lake Huron; and

"(C) are likely to spread quickly to most other waters in North America if action is not taken promptly to control their spread;

"(11) examples of nonindigenous species that, as of the date of enactment of the National Invasive Species Act of 1996, infest coastal waters of the United States and that have the potential for causing adverse economic and ecological effects include—

"(A) the mitten crab (Eriocher sinensis) that has become established on the Pacific Coast;

"(B) the green crab (Carcinus maenas) that has become established in the coastal waters of the Atlantic Ocean;

"(C) the brown mussel (Perna perna) that has become established along the Gulf of Mexico; and

"(D) certain shellfish pathogens;

"(12) many aquatic nuisance vegetation species, such as Eurasian watermilfoil, hydrilla, water hyacinth, and water chestnut, have been introduced to waters of the United States from other parts of the world causing or having a potential to cause adverse environmental, ecological, and economic effects;

"(13) if preventive management measures are not taken nationwide to prevent and control unintentionally introduced nonindigenous aquatic species in a timely manner, further introductions and infestations of species that are as destructive as, or more destructive than, the zebra mussel or the ruffe infestations may occur;

"(14) once introduced into waters of the United States, aquatic nuisance species are unintentionally transported and introduced into inland lakes and rivers by recreational boaters, commercial barge traffic, and a variety of other pathways; and

"(15) resolving the problems associated with aquatic nuisance species will require the participation and cooperation of the Federal Government and State governments, and investment in the development of prevention technologies.".

(2) DEFINITIONS.—Section 1003 (16 U.S.C. 4702) is amended—

(A) by striking paragraph (1) and redesignating paragraphs (2) through (8) as paragraphs (1) through (7), respectively;

(B) in paragraph (2), as redesignated by subparagraph (A) of this paragraph, by striking "assistant Secretary" and inserting "Assistant Secretary";

(C) by redesignating paragraphs (9) through (15) as paragraphs (11) through (17), respectively; and

"(8) 'Great Lakes region' means the 8 States that border on the Great Lakes;

"(9) 'Indian tribe' means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)) that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians;

"(10) 'interstate organization' means an entity—

"(A) established by—

"(i) an interstate compact that is approved by Congress;

"(ii) a Federal statute; or

"(iii) a treaty or other international agreement with respect to which the United States is a party; and

"(B)(i) that represents 2 or more—

"(I) States or political subdivisions thereof; or

"(II) Indian tribes; or

"(ii) that represents—

"(I) 1 or more States or political subdivisions thereof; and

"(II) 1 or more Indian tribes; or

"(iii) that represents the Federal Government and 1 or more foreign governments; and

"(C) has jurisdiction over, serves as forum for coordinating, or otherwise has a role or responsibility for the management of, any land or other natural resource;".

DIVISION I

TITLE I—THE PRESIDIO OF SAN FRANCISCO

SEC. 101. FINDINGS. 16 USC 460bb note.

The Congress finds that—

(1) the Presidio, located amidst the incomparable scenic splendor of the Golden Gate, is one of America's great natural and historic sites;

(2) the Presidio is the oldest continuously operated military post in the Nation dating from 1776, and was designated a National Historic Landmark in 1962;

(3) preservation of the cultural and historic integrity of the Presidio for public use recognizes its significant role in the history of the United States;

(4) the Presidio, in its entirety, is a part of the Golden Gate National Recreation Area, in accordance with Public Law 92–589;

(5) as part of the Golden Gate National Recreation Area, the Presidio's significant natural, historic, scenic, cultural, and recreational resources must be managed in a manner which is consistent with sound principles of land use planning and management, and which protects the Presidio from development and uses which would destroy the scenic beauty and historic and natural character of the area and cultural and recreational resources;

(6) removal and/or replacement of some structures within the Presidio must be considered as a management option in the administration of the Presidio; and

(7) the Presidio will be managed through an innovative public/private partnership that minimizes cost to the United States Treasury and makes efficient use of private sector resources.

SEC. 102. AUTHORITY AND RESPONSIBILITY OF THE SECRETARY OF THE INTERIOR. 16 USC 460bb note.

(a) INTERIM AUTHORITY.—The Secretary of the Interior (hereinafter in this title referred to as the "Secretary") is authorized to manage leases in existence on the date of this Act for properties under the administrative jurisdiction of the Secretary and located at the Presidio. Upon the expiration of any such lease, the Secretary may extend such lease for a period terminating not later than 6 months after the first meeting of the Presidio Trust. The Secretary may not enter into any new leases for property at the Presidio to be transferred to the Presidio Trust under this title, however, the Secretary is authorized to enter into agreements for use and occupancy of the Presidio properties which are assignable to the Trust and are terminable with 30 days notice. Prior to the transfer of administrative jurisdiction over any property to the Presidio Trust, and notwithstanding section 1341 of title 31 of the United

States Code, the proceeds from any such lease shall be retained by the Secretary and such proceeds shall be available, without further appropriation, for the preservation, restoration, operation and maintenance, improvement, repair and related expenses incurred with respect to Presidio properties. The Secretary may adjust the rental charge on any such lease for any amounts to be expended by the lessee for preservation, maintenance, restoration, improvement, repair and related expenses with respect to properties and infrastructure within the Presidio.

(b) PUBLIC INFORMATION AND INTERPRETATION.—The Secretary shall be responsible, in cooperation with the Presidio Trust, for providing public interpretive services, visitor orientation and educational programs on all lands within the Presidio.

(c) OTHER.—Those lands and facilities within the Presidio that are not transferred to the administrative jurisdiction of the Presidio Trust shall continue to be managed by the Secretary. The Secretary and the Presidio Trust shall cooperate to ensure adequate public access to all portions of the Presidio. Any infrastructure and building improvement projects that were funded prior to the enactment of this Act shall be completed by the National Park Service.

(d) PARK SERVICE EMPLOYEES.—(1) Any career employee of the National Park Service, employed at the Presidio at the time of the transfer of lands and facilities to the Presidio Trust, shall not be separated from the Service by reason of such transfer, unless such employee is employed by the Trust, other than on detail. Notwithstanding section 3503 of title 5, United States Code, the Trust shall have sole discretion over whether to hire any such employee or request a detail of such employee.

(2) Any career employee of the National Park Service employed at the Presidio on the date of enactment of this title shall be given priority placement for any available position within the National Park System notwithstanding any priority reemployment lists, directives, rules, regulations or other orders from the Department of the Interior, the Office of Management and Budget, or other Federal agencies.

Within 1 year after the first meeting of the Board of Directors of the Trust, the Secretary shall transfer to the Trust administrative jurisdiction over all remaining parcels within Area B. Such map shall be on file and available for public inspection in the offices of the Trust and in the offices of the National Park Service, Department of the Interior. The Trust and the Secretary may jointly make technical and clerical revisions in the boundary depicted on such map. Within 1 year after the first meeting of the Board of Directors of the Trust, the Trust and the Secretary shall determine cooperatively what, if any, additional records, equipment, and other personal property used by the Secretary in the administration of the properties to be transferred should be transferred to the Trust.

SEC. 212. CUPRUM, IDAHO RELIEF.

(a) FINDINGS.—The Congress finds and declares that:

(1) In 1899, the citizens of Cuprum, Idaho, commissioned E.S. Hesse to conduct a survey describing these lands occupied by their community. The purpose of this survey was to provide a basis for the application for a townsite patent.

(2) In 1909, the Cuprum Townsite patent (Number 52817) was granted, based on an aliquot parts description which was intended to circumscribe the Hesse survey.

(3) Since the day of the patent, the Hesse survey has been used continuously by the community of Cuprum and by Adams County, Idaho, as the official townsite plat and basis for conveyance of title within the townsite.

(4) Recent boundary surveys conducted by the United States Department of Agriculture, Forest Service, and the United States Department of the Interior, Bureau of Land Management, discovered inconsistencies between the official aliquot parts description of the patented Cuprum Townsite and the Hesse survey. Many lots along the south and east boundaries of the townsite are now known to extend onto National Forest System lands outside the townsite.

(5) It is the determination of Congress that the original intent of the Cuprum Townsite application was to include all the lands described by the Hesse survey.

(b) PURPOSE.—It is the purpose of this section to amend the 1909 Cuprum Townsite patent to include those additional lands described by the Hesse survey in addition to other lands necessary to provide an administratively acceptable boundary to the National Forest System.

(c) AMENDMENT OF PATENT.—The 1909 Cuprum Townsite patent is hereby amended to include parcels 1 and 2, identified on the plat, marked as "Township 20 North, Range 3 West, Boise Meridian, Idaho, Section 10: Proposed Patent Adjustment Cuprum Townsite, Idaho" prepared by Payette N.F.—Land Survey Unit, drawn and approved by Tom Betzold, Forest Land Surveyor, on April 25, 1995. Such additional lands are hereby conveyed to the original patentee, Pitts Ellis, trustee, and Probate Judge of

Washington County, Idaho, or any successors or assigns in interest in accordance with State law. The Secretary of Agriculture may correct clerical and typographical errors in such plat.

(d) SURVEY.—The Federal Government shall survey the Federal property lines and mark and post the boundaries necessary to implement this section.

(B) ADDITIONAL FEDERALLY OWNED LANDS.—If the non-Federal lands are greater in value than the Federal lands, the Secretary may convey additional federally owned lands within the Targhee National Forest up to an amount necessary to equalize the values of the non-Federal lands and the lands to be transferred out of Federal ownership. However, such additional federally owned lands shall be limited to those meeting the criteria for land exchanges specified in the Targhee National Forest Land and Resource Management Plan.

(2) PAYMENT OF MONEY.—The values may be equalized by the payment of money as provided in section 206(b) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716 (b)).

SEC. 302. ANAKTUVUK PASS LAND EXCHANGE.

16 USC 410hh note.

(a) FINDINGS.—The Congress makes the following findings:

(1) The Alaska National Interest Lands Conservation Act (94 Stat. 2371), enacted on December 2, 1980, established Gates of the Arctic National Park and Preserve and Gates of the Arctic Wilderness. The Village of Anaktuvuk Pass, located in the highlands of the central Brooks Range is virtually surrounded by these national park and wilderness lands and is the only Native village located within the boundary of a National Park System unit in Alaska.

(2) Unlike most other Alaskan Native communities, the village of Anaktuvuk Pass is not located on a major river, lake, or coastline that can be used as a means of access. The residents of Anaktuvuk pass have relied increasingly on snow machines in winter and all-terrain vehicles in summer

as their primary means of access to pursue caribou and other subsistence resources.

(3) In a 1983 land exchange agreement, linear easements were reserved by the Inupiat Eskimo people for use of all-terrain vehicles across certain national park lands, mostly along stream and river banks. These linear easements proved unsatisfactory, because they provided inadequate access to subsistence resources while causing excessive environmental impact from concentrated use.

(4) The National Park Service and the Nunamiut Corporation initiated discussions in 1985 to address concerns over the use of all-terrain vehicles on park and wilderness land. These discussions resulted in an agreement, originally executed in 1992 and thereafter amended in 1993 and 1994, among the National Park Service, Nunamiut Corporation, the City of Anaktuvuk Pass, and Arctic Slope Regional Corporation. Full effectuation of this agreement, as amended, by its terms requires ratification by the Congress.

(b) RATIFICATION OF AGREEMENT.—

(1) RATIFICATION.—

(A) IN GENERAL.—The terms, conditions, procedures, covenants, reservations, and other provisions set forth in the document entitled "Donation, Exchange of Lands and Interests in Lands and Wilderness Redesignation Agreement Among Arctic Slope Regional Corporation, Nunamiut Corporation, City of Anaktuvuk Pass and the United States of America" (hereinafter referred to in this section as "the Agreement"), executed by the parties on December 17, 1992, as amended, are hereby incorporated in this title, are ratified and confirmed, and set forth the obligations and commitments of the United States, Arctic Slope Regional Corporation, Nunamiut Corporation and the City of Anaktuvuk Pass, as a matter of Federal law.

(B) LAND ACQUISITION.—Lands acquired by the United States pursuant to the Agreement shall be administered by the Secretary of the Interior (hereinafter referred to as the "Secretary") as part of Gates of the Arctic National Park and Preserve, subject to the laws and regulations applicable thereto.

(2) MAPS.—The maps set forth as Exhibits C1, C2, and D through I to the Agreement depict the lands subject to the conveyances, retention of surface access rights, access easements and all-terrain vehicle easements. These lands are depicted in greater detail on a map entitled "Land Exchange Actions, Proposed Anaktuvuk Pass Land Exchange and Wilderness Redesignation, Gates of the Arctic National Park and Preserve", Map No. 185/80,039, dated April 1994, and on file at the Alaska Regional Office of the National Park Service and the offices of Gates of the Arctic National Park and Preserve in Fairbanks, Alaska. Written legal descriptions of these lands shall be prepared and made available in the above offices. In case of any discrepancies, Map No. 185/80,039 shall be controlling.

(c) NATIONAL PARK SYSTEM WILDERNESS.—

(1) GATES OF THE ARCTIC WILDERNESS.—

(A) REDESIGNATION.—Section 701(2) of the Alaska National Interest Lands Conservation Act (94 Stat. 2371,

2417) establishing the Gates of the Arctic Wilderness is hereby amended with the addition of approximately 56,825 acres of wilderness and the rescission of approximately 73,993 acres as wilderness, thus revising the Gates of the Arctic Wilderness to approximately 7,034,832 acres. 16 USC 1132 note.

(B) MAP.—The lands redesignated by subparagraph (A) are depicted on a map entitled "Wilderness Actions, Proposed Anaktuvuk Pass Land Exchange and Wilderness Redesignation, Gates of the Arctic National Park and Preserve", Map No. 185/80,040, dated April 1994, and on file at the Alaska Regional Office of the National Park Service and the office of Gates of the Arctic National Park and Preserve in Fairbanks, Alaska.

(2) NOATAK NATIONAL PRESERVE.—Section 201(8)(a) of the Alaska National Interest Land Conservation Act (94 Stat. 2380) is amended by— 16 USC 410hh.

(A) striking "approximately six million four hundred and sixty thousand acres" and inserting in lieu thereof "approximately 6,477,168 acres"; and

(B) inserting "and the map entitled 'Noatak National Preserve and Noatak Wilderness Addition' dated September 1994" after "July 1980".

(3) NOATAK WILDERNESS.—Section 701(7) of the Alaska National Interest Lands Conservation Act (94 Stat. 2417) is amended by striking "approximately five million eight hundred thousand acres" and inserting in lieu thereof "approximately 5,817,168 acres". 16 USC 1132 note.

(b) VALUATION OF KONIAG SELECTION RIGHTS.—

(1) IN GENERAL.—Pursuant to paragraph (2) of this subsection, the Secretary shall value the Selection Rights which Koniag possesses within the boundaries of Aniakchak National Monument and Preserve, Alaska Peninsula National Wildlife Refuge, and Becharof National Wildlife Refuge.

(2) VALUE.—

(A) IN GENERAL.—The value of the selection rights shall be equal to the fair market value of—

(i) the oil and gas interests in the lands or interests in lands that are the subject of the selection rights; and

(ii) in the case of the lands or interests in lands for which Koniag is to receive the entire subsurface estate, the subsurface estate of the lands or interests in lands that are the subject of the selection rights.

(B) APPRAISAL.—

(i) SELECTION OF APPRAISER.—

(I) IN GENERAL.—Not later than 90 days after the date of enactment of this section the Secretary and Koniag shall meet to select a qualified appraiser to conduct an appraisal of the selection rights. Subject to subclause (II), the appraiser shall be selected by the mutual agreement of the Secretary and Koniag.

(II) FAILURE TO AGREE.—If the Secretary and Koniag fail to agree on an appraiser by the date

that is 60 days after the date of the initial meeting referred to in subclause (I), the Secretary and Koniag shall, by the date that is not later than 90 days after the date of the initial meeting, each designate an appraiser who is qualified to perform the appraisal. The 2 appraisers so identified shall select a third qualified appraiser who shall perform the appraisal.

(ii) STANDARDS AND METHODOLOGY.—The appraisal shall be conducted in conformity with the standards of the Appraisal Foundation (as defined in section 1121(9) of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (12 U.S.C. 3350(9)).

(iii) SUBMISSION OF APPRAISAL REPORT.—Not later than 180 days after the selection of an appraiser pursuant to clause (i), the appraiser shall submit to the Secretary and to Koniag a written appraisal report specifying the value of the selection rights and the methodology used to arrive at the value.

(i) DETERMINATION BY THE SECRETARY.—Not later than 60 days after the date of the receipt of the appraisal report under subparagraph (B)(iii), the Secretary shall determine the value of the selection rights and shall notify Koniag of the determination.

(ii) ALTERNATIVE DETERMINATION OF VALUE.—

(I) IN GENERAL.—Subject to subclause (II), if Koniag does not agree with the value determined by the Secretary under clause (i), the procedures specified in section 206(d) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(d)) shall be used to establish the value.

(II) AVERAGE VALUE LIMITATION.—The average value per acre of the selection rights shall not be less than the value utilizing the risk adjusted discount cash flow methodology, but in no event may exceed $300.

(c) KONIAG ACCOUNT.—

(1) IN GENERAL.—(A) The Secretary shall enter into negotiations for an agreement or agreements to exchange Federal lands or interests therein which are in the State of Alaska for the Selection Rights.

(B) If the value of the Federal property to be exchanged is less than the value of the Selection Rights established in subsection (b), and if such Federal property to be exchanged is not generating receipts to the Federal Government in excess of $1,000,000 per year, then the Secretary may exchange the Federal property for that portion of the Selection Rights having a value equal to that of the Federal property. The remaining selection rights shall remain available for additional exchanges.

(C) For the purposes of any exchange to be consummated under this section, if less than all the selection rights are being exchanged, then the value of the selection rights being exchanged shall be equal to the number of acres of selection rights being exchanged multiplied by a fraction, the numerator of which is the value of all the selection rights as determined

pursuant to subsection (b) hereof and the denominator of which is the total number of acres of selection rights.

(2) ADDITIONAL EXCHANGES.—If, after 10 years from the date of the enactment of this section, the Secretary was unable to conclude such exchanges as may be required to acquire all of the selection rights, he shall conclude exchanges for the remaining selection rights for such Federal property as may be identified by Koniag, which property is available for transfer to the administrative jurisdiction of the Secretary under any provision of law and which property, at the time of the proposed transfer to Koniag is not generating receipts of the Federal Government in excess of $1,000,000 per year. The Secretary shall keep Koniag advised in a timely manner as to which properties may be available for such transfer. Upon receipt of such identification by Koniag, the Secretary shall request in a timely manner the transfer of such identified property to the administrative jurisdiction of the Department of the Interior. Such property shall not be subject to the geographic limitations of section 206(b) of the Federal Land Policy and Management Act and may be retained by the Secretary solely for purposes of transferring it to Koniag to complete the exchange. Should the value of the property so identified by Koniag be in excess of the value of the remaining selection rights, then Koniag shall have the option of (A) declining to proceed with the exchange and identifying other property, or (B) paying the difference in value between the property rights.

(3) REVENUES.—Any property received by Koniag in an exchange entered into pursuant to paragraph (1) or (2) shall be deemed to be an interest in the subsurface for purposes of section 7(i) of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.): *Provided however,* That should Koniag make a payment to equalize the value in any such exchange, then Koniag will be deemed to hold an undivided interest in the property equal in value to such payment which interest shall not be subject to the provisions of section 7(i) of that Act.

(d) AUTHORITY TO APPOINT AND REMOVE TRUSTEE.—In establishing a Settlement Trust under section 39 of the Alaska Native Claims Settlement Act (43 U.S.C. 1629c), Koniag may delegate, in whole or in part, the authority granted to Koniag under subsection (b)(2) of such section to any entity that Koniag may select without affecting the status of the trust as a Settlement Trust under such section.

SEC. 304. SNOWBASIN LAND EXCHANGE ACT.

(a) PURPOSE AND INTENT.—The purpose of this section is to authorize and direct the Secretary to exchange 1,320 acres of federally-owned land within the Cache National Forest in the State of Utah for lands approximately equal value owned by the Sun Valley Company. It is the intent of Congress that this exchange be completed without delay within the period specified by subsection (d).

(b) DEFINITIONS.—As used in this section:

(1) The term "Sun Valley Company" means the Sun Valley Company, a division of Sinclair Oil Corporation, a Wyoming Corporation, or its successors or assigns.

(2) The term "Secretary" means the Secretary of Agriculture.

(c) EXCHANGE.—

(1) FEDERAL SELECTED LANDS.—(A) Not later than 45 days after the final determination of value of the Federal selected lands, the Secretary shall, subject to this section, transfer all right, title, and interest of the United States in and to the lands referred to in subparagraph (B) to the Sun Valley Company.

(B) The lands referred to in subparagraph (A) are certain lands within the Cache National Forest in the State of Utah comprising 1,320 acres, more or less, as generally depicted on the map entitled "Snowbasin Land Exchange—Proposed" and dated October 1995.

(2) NON-FEDERAL OFFERED LANDS.—Upon transfer of the Federal selected lands under paragraph (1), and in exchange for those lands, the Sun Valley Company shall simultaneously convey to the Secretary all right, title and interest of the Sun Valley Company in and to so much of the following offered lands which have been previously identified by the United States Forest Service as desirable by the United States, or which are identified pursuant to subparagraph (E) prior to the transfer of lands under paragraph (1), as are of approximate equal value to the Federal selected lands:

(A) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, which comprise approximately 640 acres and are generally depicted on a map entitled "Lightning Ridge Offered Lands", dated October 1995.

(B) Certain lands located within the Cache National Forest in Weber County, Utah, which comprise approximately 635 acres and are generally depicted on a map entitled "Wheeler Creek Watershed Offered Lands—Section 2" dated October 1995.

(C) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, and lying immediately adjacent to the outskirts of the City of Ogden, Utah, which comprise approximately 800 acres and are generally depicted on a map entitled "Taylor Canyon Offered Lands", dated October 1995.

(D) Certain lands located within the exterior boundaries of the Cache National Forest in Weber County, Utah, which comprise approximately 2,040 acres and are generally depicted on a map entitled "North Fork Ogden River—Devil's Gate Valley", dated October 1995.

(E) Such additional offered lands in the State of Utah as may be necessary to make the values of the lands exchanged pursuant to this section approximately equal, and which are acceptable to the Secretary.

(3) SUBSTITUTION OF OFFERED LANDS.—If one or more of the precise offered land parcels identified in subparagraphs (A) through (D) of paragraph (2) is unable to be conveyed to the United States due to appraisal or other reasons, or if the Secretary and the Sun Valley Company mutually agree and the Secretary determines that an alternative offered land package would better serve long-term public needs and objectives, the Sun Valley Company may simultaneously convey

to the United States alternative offered lands in the State of Utah acceptable to the Secretary in lieu of any or all of the lands identified in subparagraphs (A) through (D) of paragraph (2).

(4) VALUATION AND APPRAISALS.—(A) Values of the lands to be exchanged pursuant to this section shall be equal as determined by the Secretary utilizing nationally recognized appraisal standards and in accordance with section 206 of the Federal Land Policy and Management Act of 1976. The appraisal reports shall be written to Federal standards as defined in the Uniform Appraisal Standards for Federal Land Acquisitions. If, due to size, location, or use of lands exchanged under this section, the values are not exactly equal, they shall be equalized by the payment of cash equalization money to the Secretary or the Sun Valley Company as appropriate in accordance with section 206(b) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(b)). In order to expedite the consummation of the exchange directed by this section, the Sun Valley Company shall arrange and pay for appraisals of the offered and selected lands by a qualified appraiser with experience in appraising similar properties and who is mutually acceptable to the Sun Valley Company and the Secretary. The appraisal of the Federal selected lands shall be completed and submitted to the Secretary for technical review and approval no later than 120 days after the date of enactment of this Act, and the Secretary shall make a determination of value not later than 30 days after receipt of the appraisal. In the event the Secretary and the Sun Valley Company are unable to agree to the appraised value of a certain tract or tracts of land, the appraisal, appraisals, or appraisal issues in dispute and a final determination of value shall be resolved through a process of bargaining or submission to arbitration in accordance with section 206(d) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(d)).

(B) In order to expedite the appraisal of the Federal selected lands, such appraisal shall—

(i) value the land in its unimproved state, as a single entity for its highest and best use as if in private ownership and as of the date of enactment of this Act;

(ii) consider the Federal lands as an independent property as though in the private marketplace and suitable for development to its highest and best use;

(iii) consider in the appraisal any encumbrance on the title anticipated to be in the conveyance to Sun Valley Company and reflect its effect on the fair market value of the property; and

(iv) not reflect any enhancement in value to the Federal selected lands based on the existence of private lands owned by the Sun Valley Company in the vicinity of the Snowbasin Ski Resort, and shall assume that private lands owned by the Sun Valley Company are not available for use in conjunction with the Federal selected lands.

(d) GENERAL PROVISIONS RELATING TO THE EXCHANGE.—

(1) IN GENERAL.—The exchange authorized by this section shall be subject to the following terms and conditions:

(A) RESERVED RIGHTS-OF-WAY.—In any deed issued pursuant to subsection (c)(1), the Secretary shall reserve

in the United States a right of reasonable access across the conveyed property for public access and for administrative purposes of the United States necessary to manage adjacent federally-owned lands. The terms of such reservation shall be prescribed by the Secretary within 30 days after the date of the enactment of this Act.

(B) RIGHT OF RESCISSION.—This section shall not be binding on either the United States or the Sun Valley Company if, within 30 days after the final determination of value of the Federal selected lands, the Sun Valley Company submits to the Secretary a duly authorized and executed resolution of the Company stating its intention not to enter into the exchange authorized by this section.

(2) WITHDRAWAL.—Subject to valid existing rights, effective on the date of enactment of this Act, the Federal selected lands described in subsection (c)(1) and all National Forest System lands currently under special use permit to the Sun Valley Company at the Snowbasin Ski Resort are hereby withdrawn from all forms of appropriation under the public land laws (including the mining laws) and from disposition under all laws pertaining to mineral and geothermal leasing.

(3) DEED.—The conveyance of the offered lands to the United States under this section shall be by general warranty or other deed acceptable to the Secretary and in conformity with applicable title standards of the Attorney General of the United States.

(4) STATUS OF LANDS.—Upon acceptance of title by the Secretary, the land conveyed to the United States pursuant to this section shall become part of the Wasatch or Cache National Forests as appropriate, and the boundaries of such National Forests shall be adjusted to encompass such lands. Once conveyed, such lands shall be managed in accordance with the Act of March 1, 1911, as amended (commonly known as the "Weeks Act"), and in accordance with the other laws, rules and regulations applicable to National Forest System lands. This paragraph does not limit the Secretary's authority to adjust the boundaries pursuant to section 11 of the Act of March 1, 1911 ("Weeks Act"). For the purposes of section 7 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 460l–9), the boundaries of the Wasatch and Cache National Forests, as adjusted by this section, shall be considered to be boundaries of the forests as of January 1, 1965.

(e) PHASE FACILITY CONSTRUCTION AND OPERATION.—

(1) PHASE I FACILITY FINDING AND REVIEW.—(A) The Congress has reviewed the Snowbasin Ski Area Master Development Plan dated October 1995 (hereafter in this subsection referred to as the "Master Plan"). On the basis of such review, and review of previously completed environmental and other resource studies for the Snowbasin Ski Area, Congress hereby finds that the "Phase I" facilities referred to in the Master Plan to be located on National Forest System land after consummation of the land exchange directed by this section are limited in size and scope, are reasonable and necessary to accommodate the 2002 Olympics, and in some cases are required to provide for the safety of skiing competitors and spectators.

(B) Within 60 days after the date of enactment of this Act, the Secretary and the Sun Valley Company shall review the Master Plan insofar as such plan pertains to Phase I facilities which are to be constructed and operated wholly or partially on National Forest System lands retained by the Secretary after consummation of the land exchange directed by this section. The Secretary may modify such Phase I facilities upon mutual agreement with the Sun Valley Company or by imposing conditions pursuant to paragraph (2) of this subsection.

(C) Within 90 days after the date of enactment of this Act, the Secretary shall submit the reviewed Master Plan on the Phase I facilities, including any modifications made thereto pursuant to subparagraph (B), to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the United States House of Representatives for a 30-day review period. At the end of the 30-day period, unless otherwise directed by Act of Congress, the Secretary may issue all necessary authorizations for construction and operation of such facilities or modifications thereof in accordance with the procedures and provisions of paragraph (2) of this subsection.

(2) PHASE I FACILITY APPROVAL, CONDITIONS, AND TIMETABLE.—Within 120 days of receipt of an application by the Sun Valley Company to authorize construction and operation of any particular Phase I facility, facilities, or group of facilities, the Secretary, in consultation with the Sun Valley Company, shall authorize construction and operation of such facility, facilities, or group of facilities, subject to the general policies of the Forest Service pertaining to the construction and operation of ski area facilities on National Forest System lands and subject to reasonable conditions to protect National Forest System resources. In providing authorization to construct and operate a facility, facilities, or group of facilities, the Secretary may not impose any condition that would significantly change the location, size, or scope of the applied for Phase I facility unless—

(A) the modification is mutually agreed to by the Secretary and the Sun Valley Company; or

(B) the modification is necessary to protect health and safety.

Nothing in this subsection shall be construed to affect the Secretary's responsibility to monitor and assure compliance with the conditions set forth in the construction and operation authorization.

(3) CONGRESSIONAL DIRECTIONS.—Notwithstanding any other provision of law, Congress finds that consummation of the land exchange directed by this section and all determinations, authorizations, and actions taken by the Secretary pursuant to this section pertaining to Phase I facilities on National Forest System lands, or any modifications thereof, to be nondiscretionary actions authorized and directed by Congress and hence to comply with all procedural and other requirements of the laws of the United States. Such determinations, authorizations, and actions shall not be subject to administrative or judicial review.

(f) NO PRECEDENT.—Nothing in subsection (c)(4)(B) of this section relating to conditions or limitations on the appraisal of the Federal lands, or any provision of subsection (e), relating to the approval by the Congress or the Forest Service of facilities on National Forest System lands, shall be construed as a precedent for subsequent legislation.

SEC. 305. ARKANSAS AND OKLAHOMA LAND EXCHANGE.

(a) FINDINGS.—Congress finds that:

(1) The Weyerhaeuser Company has offered to the United States Government an exchange of lands under which Weyerhaeuser would receive approximately 48,000 acres of Federal land in Arkansas and Oklahoma and all mineral interests and oil and gas interests pertaining to these exchanged lands in which the United States Government has an interest in return for conveying to the United States lands owned by Weyerhaeuser consisting of approximately 181,000 acres of forested wetlands and other forest land of public interest in Arkansas and Oklahoma and all mineral interests and all oil and gas interests pertaining to 48,000 acres of these 181,000 acres of exchanged lands in which Weyerhaeuser has an interest, consisting of—

(A) certain lands in Arkansas (Arkansas Ouachita lands) located near Poteau Mountain, Caney Creek Wilderness, Lake Ouachita, Little Missouri Wild and Scenic River, Flatside Wilderness and the Ouachita National Forest;

(B) certain lands in Oklahoma (Oklahoma lands) located near the McCurtain County Wilderness, the Broken Bow Reservoir, the Glover River, and the Ouachita National Forest; and

(C) certain lands in Arkansas (Arkansas Cossatot lands) located on the Little and Cossatot Rivers and identified as the "Pond Creek Bottoms" in the Lower Mississippi River Delta section of the North American Waterfowl Management Plan;

(2) acquisition of the Arkansas Cossatot lands by the United States will remove the lands in the heart of a critical wetland ecosystem from sustained timber production and other development;

(3) the acquisition of the Arkansas Ouachita lands and the Oklahoma lands by the United States for administration by the Forest Service will provide an opportunity for enhancement of ecosystem management of the National Forest System lands and resources;

(4) the Arkansas Ouachita lands and the Oklahoma lands have outstanding wildlife habitat and important recreational values and should continue to be made available for activities such as public hunting, fishing, trapping, nature observation, enjoyment, education, and timber management whenever these activities are consistent with applicable Federal laws and land and resource management plans; these lands, especially in the riparian zones, also harbor endangered, threatened and sensitive plants and animals and the conservation and restoration of these areas are important to the recreational and educational public uses and will represent a valuable ecological resource which should be conserved;

(5) the private use of the lands the United States will convey to Weyerhaeuser will not conflict with established management objectives on adjacent Federal lands;

(6) the lands the United States will convey to Weyerhaeuser as part of the exchange described in paragraph (1) do not contain comparable fish, wildlife, or wetland values;

(7) the values of all lands, mineral interests, and oil and gas interests to be exchanged between the United States and Weyerhaeuser are approximately equal in value; and

(8) the exchange of lands, mineral interests, and oil and gas interests between Weyerhaeuser and the United States is in the public interest.

(b) PURPOSE.—The purpose of this section is to authorize and direct the Secretary of the Interior and the Secretary of Agriculture, subject to the terms of this title, to complete, as expeditiously as possible, an exchange of lands, mineral interests, and oil and gas interests with Weyerhaeuser that will provide environmental, land management, recreational, and economic benefits to the States of Arkansas and Oklahoma and to the United States.

(c) DEFINITIONS.—As used in this section:

(1) LAND.—The terms "land" or "lands" mean the surface estate and any other interests therein except for mineral interests and oil and gas interests.

(2) OFFER AND ACCEPTANCE OF LANDS.—The Secretary of Agriculture shall make the conveyance to Weyerhaeuser if Weyerhaeuser conveys deeds of title to the United States, subject to limitations and the reservation described in subsection (e) and which are acceptable to and approved by the Secretary of Agriculture to the following—

(A) approximately 115,000 acres of lands and mineral interests in the State of Oklahoma, as depicted on a map

entitled "Arkansas-Oklahoma Land Exchange—Weyerhaeuser Oklahoma Lands," dated February 1996 and available for public inspection in appropriate offices of the Secretaries;

(B) approximately 41,000 acres of lands and mineral interests in the State of Arkansas, as depicted on a map entitled "Arkansas-Oklahoma Land Exchange—Weyerhaeuser Arkansas Ouachita Lands," dated February 1996 and available for public inspection in appropriate offices of the Secretaries; and

(3) GENERAL PROVISIONS.—

(A) REMOVAL OF KNA LANDS FROM THE NATIONAL WILDLIFE REFUGE SYSTEM.—

(i) Effective on the date of closing for the Acquisition Lands identified in paragraph (2)(B), all lands retained by or conveyed to KNA pursuant to this section, and the subsurface interests of CIRI underlying such lands shall be automatically removed from the National Wildlife Refuge System and shall neither be considered as part of the Refuge nor subject to any laws pertaining solely to lands within the boundaries of the Refuge. The conveyance restrictions imposed by section 22(g) of ANCSA (i) shall then be ineffective and cease to apply to such interests of KNA and CIRI, and (ii) shall not be applicable to the interests received by KNA in accordance with paragraph (2)(B) or to the CIRI interests underlying them. The Secretary shall adjust the boundaries of the Refuge so as to exclude all interests in lands retained or received in exchange by KNA in accordance with this section, including both surface and subsurface, and shall also exclude all interests currently held by CIRI. On lands within the Swanson River Road East Tract, the boundary adjustment shall only include the surface estate where the subsurface estate is retained by the United States.

(ii)(I) The Secretary, KNA, and CIRI shall execute an agreement within 45 days of the date of enactment of this section which preserves CIRI's rights under paragraph 1(B)(1) of the Terms and Conditions, addresses CIRI's obligations under such paragraph,

and adequately addresses management issues associated with the boundary adjustment set forth in this section and with the differing interests in land resulting from enactment of this section.

(II) In the event that no agreement is executed as provided for in subclause (I), solely for the purposes of administering CIRI's rights under paragraph 1(B)(1) of the Terms and Conditions, the Secretary and CIRI shall be deemed to have retained their respective rights and obligations with respect to CIRI's subsurface interests under the requirements of the Terms and Conditions in effect on June 18, 1996. Notwithstanding the boundary adjustments made pursuant to this section, conveyances to KNA shall be deemed to remain subject to the Secretary's and CIRI's rights and obligations under paragraph 1(B)(1) of the Terms and Conditions.

(iii) The Secretary is authorized to acquire by purchase or exchange, on a willing seller basis only, any lands retained by or conveyed to KNA. In the event that any lands owned by KNA are subsequently acquired by the United States, they shall be automatically included in the Refuge System. The laws and regulations applicable to Refuge lands shall then apply to these lands and the Secretary shall then adjust the boundaries accordingly.

(iv) Nothing in this section is intended to enlarge or diminish the authorities, rights, duties, obligations, or the property rights held by CIRI under the Terms and Conditions, or otherwise except as set forth in this section. In the event of the purchase by the United States of any lands from KNA in accordance with subparagraph (A)(ii), the United States shall reassume from KNA the rights it previously held under the Terms and Conditions and the provisions in any patent implementing section 22(g) of ANCSA will again apply.

(v) By virtue of implementation of this section, CIRI is deemed entitled to 1,207 acres of in-lieu subsurface entitlement under section 12(a)(1) of ANCSA. Such entitlement shall be fulfilled in accordance with paragraph 1(B)(2)(A) of the Terms and Conditions.

(B) MAPS AND LEGAL DESCRIPTIONS.—Maps and a legal description of the lands described above shall be on file and available for public inspection in the appropriate offices of the United States Department of the Interior, and the Secretary shall, no later than 90 days after enactment of this section, prepare a legal description of the lands described in paragraph (2)(A)(vii). Such maps and legal description shall have the same force and effect as if included in the section, except that the Secretary may correct clerical and typographical errors.

(C) ACCEPTANCE.—KNA may accept the offer made in this section by notifying the Secretary in writing of its decision within 180 days of receipt of the offer. In the event the offer is rejected, the Secretary shall notify the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources

and the Committee on Environment and Public Works of the Senate.

(D) FINAL MAPS.—Not later than 120 days after the conclusion of the acquisition authorized by paragraph (1), the Secretary shall transmit a final report and maps accurately depicting the lands transferred and conveyed pursuant to this section and the acreage and legal descriptions of such lands to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources and the Committee on Environment and Public Works of the Senate.

16 USC 1132 note.

(e) ADJUSTMENTS TO NATIONAL WILDERNESS SYSTEM.—Upon acquisition of lands by the United States pursuant to subsection (d)(2)(A), that portion of the Stephanka Tract lying south and west of the Kenai River, consisting of approximately 592 acres, shall be included in and managed as part of the Kenai Wilderness and such lands shall be managed in accordance with the applicable provisions of the Wilderness Act and ANILCA.

(C)(i) The BLM shall establish the Lake Todatonten Special Management Area Committee. The membership of the Committee shall consist of 11 members as follows:

(I) Two residents each from the villages of Alatna, Allakaket, Hughes, and Tanana.

(ii) Members of the Committee shall serve without pay.

(iii) The BLM shall hold meetings of the Lake Todatonten Special Management Area Committee at least

once per year to discuss management issues within the Special Management Area. The BLM shall not allow any new type of activity in the Special Management Area without first conferring with the Committee in a timely manner.

SEC. 607. WASHITA BATTLEFIELD.

(a) FINDINGS AND PURPOSES.—

(1) FINDINGS.—The Congress finds that—

(A) the Battle of the Washita, November 27, 1868, was one of the largest engagements between Plains tribes and the United States Army on the Southern Great Plains. The site is a registered National Historic Landmark;

(B) Lt. Colonel George A. Custer, leading the 7th United States Cavalry, attacked the sleeping Cheyenne village of peace chief Black Kettle. Custer's attack resulted in more than 150 Indian casualties, many of them women and children;

(C) the Battle of the Washita symbolizes the struggle of the Southern Great Plains tribes to maintain their traditional lifeways and not to submit to reservation confinement; and

(D) the Washita battle site possesses a high degree of integrity and the cultural landscape is essentially intact. The Cheyenne village site has not been altered substantially except by periodic flooding of the Washita River.

(2) PURPOSES.—The purposes of this section are to—

(A) recognize the importance of the Battle of the Washita as a nationally significant element of frontier military history and as a symbol of the struggles of the Southern Great Plains tribes to maintain control of their traditional use areas; and

(B) establish the site of the Battle of the Washita as a national historic site and provide opportunities for American Indian groups including the Cheyenne-Arapaho Tribe to be involved in the formulation of plans and educational programs for the national historic site.

(b) ESTABLISHMENT.—

(1) IN GENERAL.—In order to provide for the preservation and interpretation of the Battle of the Washita, there is hereby established the Washita Battlefield National Historic Site in the State of Oklahoma (hereafter in this section referred to as the "national historic site").

(2) BOUNDARY.—

(A) IN GENERAL.—The national historic site shall consist of—

(i) approximately 326 acres, as generally depicted on the map entitled "Washita Battlefield National Historic Site", numbered 22,000A and dated 12/95; and

(ii) the private lands subject to conservation easements referred to in subsection (d)(2).

(B) MAP.—The map referred to in subparagraph (A)(i) shall be on file in the offices of the Director of the National Park Service, Department of the Interior, and other appropriate offices of the National Park Service. The Secretary of the Interior (hereafter in this section referred to as the "Secretary") may, from time to time, make minor revisions in the boundary of the national historic site in accordance with section 7(c) of the Land and Water Conservation Act of 1965 (16 U.S.C. 460l–4 et seq.).

(c) ADMINISTRATION.—

(1) IN GENERAL.—The Secretary, acting through the Director of the National Park Service, shall manage the national historic site in accordance with this section and the provisions of law generally applicable to units of the National Park System, including "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2–4), and the Act of August 21, 1935 (49 Stat. 666; U.S.C. 461–467).

(2) MANAGEMENT PURPOSES.—The Secretary shall manage the national historic site for the following purposes, among others:

(A) To protect and preserve the national historic site, including the topographic features important to the battle site, artifacts and other physical remains of the battle, and the visual scene as closely as possible as it was at the time of the battle.

(B) To interpret the cultural and natural resources of the historic site, providing for public understanding and appreciation of the area in such manner as to perpetuate these qualities and values for future generations.

(3) CONSULTATION AND TRAINING.—The Secretary, acting through the Director of the National Park Service, shall consult regularly with the Cheyenne-Arapaho Tribe on the formulation of the management plan provisions referred to in subsection (e)(5) and on preparation of educational programs provided to the public. The Secretary is authorized to enter into cooperative agreements with the Cheyenne-Arapaho Tribe, its subordinate boards, committees, enterprises, and traditional leaders to further the purposes of this Act. Contracts.

(d) ACQUISITION OF PROPERTY.—

(1) PARK BOUNDARIES.—Within the boundaries of the national historic site, the Secretary is authorized to acquire lands and interests in lands by donation, purchase with donated or appropriated funds, or exchange, except that—

(A) no lands or interests in lands within the historic site may be acquired without the consent of the owner thereof, and

(B) lands and interests in lands owned by the State of Oklahoma or any political subdivision thereof may be acquired only by donation.

(2) CONSERVATION EASEMENTS.—The Congress finds that the State of Oklahoma, acting through the Oklahoma Historical Society, will work with local land owners to acquire and hold in perpetuity conservation easements in the vicinity of the national historic site as deemed necessary for the visual and interpretive integrity of the site. The intent of the easements

will be to keep occupancy of the land in private ownership and use of the land in general agriculture.

(e) MANAGEMENT PLAN.—Within 5 years after the date funds are made available for purposes of this section, the Secretary, acting through the Director of the National Park Service, shall prepare a general management plan for the national historic site. The plan shall address, but not be limited to, each of the following:

(1) A resource protection program.

(2) A visitor use plan including programs and facilities that will be provided for public use, including the location and cost of public facilities.

TITLE VII—FEES

16 USC 497c.

SEC. 701. SKI AREA PERMIT RENTAL CHARGE.

(a) The Secretary of Agriculture shall charge a rental charge for all ski area permits issued pursuant to section 3 of the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b), the Act of March 4, 1915 (38 Stat. 1101, chapter 144; 16 U.S.C. 497), or the 9th through 20th paragraphs under the heading "SURVEYING THE PUBLIC LANDS" under the heading "UNDER THE DEPARTMENT OF THE INTERIOR" in the Act of June 4, 1897 (30 Stat. 34, chapter 2), on National Forest System lands. Permit rental charges for permits issued pursuant to the National Forest Ski Area Permit Act of 1986 shall be calculated as set forth in subsection (b). Permit rental charges for existing ski area permits issued pursuant to the Act of March 4, 1915, and the Act of June 4, 1897, shall be calculated in accordance with those existing permits: *Provided,* That a permittee may, at the permittee's option, use the calculation method set forth in subsection (b).

(b)(1) The ski area permit rental charge (SAPRC) shall be calculated by adding the permittee's gross revenues from lift ticket/year-round ski area use pass sales plus revenue from ski school operations (LT+SS) and multiplying such total by the slope transport feet percentage (STFP) on National Forest System land. That amount shall be increased by the gross year-round revenue from ancillary facilities (GRAF) physically located on national forest land, including all permittee or subpermittee lodging, food service, rental shops, parking and other ancillary operations, to determine the adjusted gross revenue (AGR) subject to the permit rental charge. The final rental charge shall be calculated by multiplying the AGR by the following percentages for each revenue bracket and adding the total for each revenue bracket:

(A) 1.5 percent of all adjusted gross revenue below $3,000,000;

(B) 2.5 percent for adjusted gross revenue between $3,000,000 and $15,000,000;

(C) 2.75 percent for adjusted gross revenue between $15,000,000 and $50,000,000; and

(D) 4.0 percent for the amount of adjusted gross revenue that exceeds $50,000,000.

Utilizing the abbreviations indicated in this subsection the ski area permit fee (SAPF) formula can be simply illustrated as:

SAPF = ((LT + SS) × STFP) + GRAF = AGR; AGR × % BRACKETS

(2) In cases where ski areas are only partially located on national forest lands, the slope transport feet percentage on national forest land referred to in subsection (b) shall be calculated as generally described in the Forest Service Manual in effect as of January 1, 1992. Revenues from Nordic ski operations shall be included or excluded from the rental charge calculation according to the percentage of trails physically located on national forest land.

(3) In order to ensure that the rental charge remains fair and equitable to both the United States and the ski area permittees, the adjusted gross revenue figures for each revenue bracket in paragraph (1) shall be adjusted annually by the percent increase or decrease in the national Consumer Price Index for the preceding calendar year. No later than 3 years after the date of enactment of this Act and every 5 years thereafter the Secretary shall submit to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the United States House of Representatives a report analyzing whether the ski area permit rental charge legislated by this Act is returning a fair market value rental to the United States together with any recommendations the Secretary may have for modifications of the system. Reports.

(c) The rental charge set forth in subsection (b) shall be due on June 1 of each year and shall be paid or prepaid by the permittee on a monthly, quarterly, annual or other schedule as determined appropriate by the Secretary in consultation with the permittee. Unless mutually agreed otherwise by the Secretary and the permittee, the payment or prepayment schedule shall conform to the permittee's schedule in effect prior to enactment of this Act. To reduce costs to the permittee and the Forest Service, the Secretary shall each year provide the permittee with a standardized form and worksheets (including annual rental charge calculation brackets and rates) to be used for rental charge calculation and submitted with the rental charge payment. Information provided on such forms shall be compiled by the Secretary annually and kept in the Office of the Chief, United States Forest Service.

(d) The ski area permit rental charge set forth in this section shall become effective on June 1, 1996 and cover receipts retroactive to June 1, 1995: *Provided,* That if a permittee has paid rental charges for the period June 1, 1995, to June 1, 1996, under the graduated rate rental charge system formula in effect prior to the date of enactment of this Act, such rental charges shall be credited toward the new rental charge due on June 1, 1996. In order to ensure increasing rental charge receipt levels to the United States during transition from the graduated rate rental charge system formula to the formula of this Act, the rental charge paid by any individual permittee shall be—

(1) for the 1995–1996 permit year, either the rental charge paid for the preceding 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher;

(2) for the 1996–1997 permit year, either the rental charge paid for the 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher; and

(3) for the 1997–1998 permit year, either the rental charge for the 1994–1995 base year or the rental charge calculated pursuant to this Act, whichever is higher.

If an individual permittee's adjusted gross revenue for the 1995–1996, 1996–1997, or 1997–1998 permit years falls more than 10 percent below the 1994–1995 base year, the rental charge paid shall be the rental charge calculated pursuant to this Act.

(e) Under no circumstances shall revenue, or subpermittee revenue (other than lift ticket, area use pass, or ski school sales) obtained from operations physically located on non-national forest land be included in the ski area permit rental charge calculation.

(f) To reduce administrative costs of ski area permittees and the Forest Service the terms "revenue" and "sales", as used in this section, shall mean actual income from sales and shall not include sales of operating equipment, refunds, rent paid to the permittee by sublessees, sponsor contributions to special events or any amounts attributable to employee gratuities or employee lift tickets, discounts, or other goods or services (except for bartered goods and complimentary lift tickets) for which the permittee does not receive money.

(g) In cases where an area of national forest land is under a ski area permit but the permittee does not have revenue or sales qualifying for rental charge payment pursuant to subsection (a), the permittee shall pay an annual minimum rental charge of $2 for each national forest acre under permit or a percentage of appraised land value, as determined appropriate by the Secretary.

(h) Where the new rental charge provided for in subsection (b)(1) results in an increase in permit rental charge greater than one-half of 1 percent of the permittee's adjusted gross revenue as determined under subsection (b)(1), the new rental charge shall be phased in over a five-year period in a manner providing for increases of approximately equal increments.

(i) To reduce Federal costs in administering the provisions of this Act, the reissuance of a ski area permit to provide activities similar in nature and amount to the activities provided under the previous permit shall not constitute a major Federal action for the purposes of the National Environmental Policy Act of 1969 (42 U.S.C. 4331 et seq.).

(j) Subject to valid existing rights, all lands located within the boundaries of ski area permits issued prior to, on or after the date of enactment of this Act pursuant to authority of the Act of March 4, 1915 (38 Stat. 1101, chapter 144; 16 U.S.C. 497), and the Act of June 4, 1897, or the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b) are hereby and henceforth automatically withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral and geothermal leasing and all amendments thereto. Such withdrawal shall continue for the full term of the permit and any modification, reissuance, or renewal thereof. Unless the Secretary requests otherwise of the Secretary of the Interior, such withdrawal shall be canceled automatically upon expiration or other

termination of the permit and the land automatically restored to all appropriation not otherwise restricted under the public land laws.

"(2) to conduct investigations to quantify any effect of permittees' activity on wildlife and other natural resource values of Glacier Bay National Park. The investigations provided for in this subsection shall be designed to provide information of value to the Secretary, in determining any appropriate limitations on permittees' activity in Glacier Bay. The Secretary may not impose any additional permittee operating conditions in the areas of air, water, and oil pollution beyond those determined and enforced by other appropriate agencies. When competitively awarding permits to enter Glacier Bay, the Secretary may take into account the relative impact particular permittees will have on park values and resources, provided that no operating conditions or limitations relating to noise abatement shall be imposed unless the Secretary determines, based on the weight of the evidence from all available studies including verifiable scientific information from the investigations provided for in this subsection, that such limitations or conditions are necessary to protect park values and resources. Fees paid by certain permittees for the privilege of entering into Glacier Bay shall not exceed $5 per passenger. For the purposes of this subsection, 'certain permittee' shall

mean a permittee which provides overnight accommodations for at least 500 passengers for an itinerary of at least 3 nights, and 'permittee' shall mean a concessionaire providing visitor services within Glacier Bay. improve the quality and availability of field employee quarters available.

applicable under section 5911 of title 5, United States Code.

(B) LIMITATION.—The Secretary may only issue a lease under subparagraph (A) if the Secretary finds that there is a shortage of adequate and affordable seasonal quarters at or near such unit and that—

The study shall specifically examine the feasibility of providing rental allowances to temporary and lower paid permanent employees. Whenever the Secretary submits a copy of such study to the Office of Management and Budget, he shall concurrently transmit copies of the report to the Resources Committee of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate.
